TENNIS TOURNAMENT

In their first clash of the season the Blairmore Tennis Club emerged victorious over the Coleman club on Wednesday last by a score of 7 to 4.

The events and winners were as follows:

Men's Singles—R. Pinkney lost to L. Lindoe, 6-4, 1-6. A. Hasty beat W. Watts, 8-6, 5-7, 6-1. E. McDonald lost to Dr. McLeod, 10-8, 6-8. Men's Doubles—E. McDonald and F. Wallace lost to R. Barnes and J. McPhail, 6-1, 6-2. R. Prittie and J. McPhail beat J. McDonald and F. Purvis, 6-4, 6-2.

Ladies' Singles—Mrs. J. Kerr beat Mrs. Purvis, 3-6, 6-1, 6-2. Miss Wallace beat Miss Muir, 2-6, 7-5, 6-1.

Ladies' Doubles—Mrs. J. Kerr and Miss Hall beat Mrs. Purvis and Miss Slade, 6-4, 4-6, 6-2. Miss Wallace and Miss Fraser lost to Miss Graham and Miss Muir, 6-3, 1-6, 6-4.

Mixed Doubles—Mrs. Kerr and Mr. R. Pinkney beat Mrs. Purvis and Mr. Watts, 6-2, 6-2. Miss Hall and Mr. A. Hasty beat Miss Muir and Mr. F. Graham, 6-0, 6-2.

COLEMAN EVENS UP

Coleman broke even with the Blairmore Tennis Club on the two-game series by winning the second match in Coleman by 6 to 3 on Wednesday afternoon. The results of the matches played follow:

Men's Singles—R. Pinkney lost to J. McLeod, 6-2, 6-2. E. McDonald, lost to R. Barnes, 6-4, 6-3.

Men's Doubles—A. Hasty and R. Pinkney beat J. McLeod and R. Barnes, 7-5, 4-6, 7-5. R. Prittie and J. McPhail lost to W. Watts and L. Lindoe, 6-1, 6-1.

Ladies' Singles—Mrs. Kerr beat Mrs. Purvis, 9-7, 6-4. Miss B. Wallace lost to Miss Fraser, 6-4, 7-5.

Ladies' Doubles—M. Hall and B. Wallace lost to Mrs. McLeod and Miss Slade, 6-4, 6-2. Mrs. Kerr and R. Thompson beat Mrs. Purvis and Miss Muir, 6-2, 9-7.

Mixed Doubles—R. Pinkney and Mrs. Kerr lost to R. Barnes and Mrs. Purvis, 6-4, 6-3.

NOTICE

The Tourist Camp Committee are desirous that children keep away from the camp. Last summer considerable annoyance was caused at times to campers and on several occasions damage was done to the camp or visitors' property.

An effort is being made to keep the camp clean and attractive, and this can be accomplished only with the assistance and co-operation of everyone.

CONFEDERATION

JUBILEE MEDALS

At the Royal mint, Ottawa, on May the 30th, Lady Willington struck the first of the two million medals being turned out for presentation to the children of Canada on July the 1st, in commemoration of the Diamond Jubilee of Confederation.

MARCELLUS—HUNTER

St. Luke's church, Blairmore, was the scene of a very quiet but pretty wedding on Thursday afternoon last, when Miss Myrtle A., youngest daughter of Mr. and Mrs. S. P. Hunter, of Pincher Creek, and George M. Marcellus, son of J. P. Marcellus, ex-M.P., and Mrs. Marcellus, of Fishburn, were united in marriage by the Rev. A. D. Currie. The bride was charming in a gown of siltine crepe de chene, with hat to match. Mr. and Mrs. Marcellus will reside on the Marcellus farm at Fishburn.

The Crows' Nest picked team were blanked by a four to none score by the Scottish football team at Lethbridge on Monday.

PRESENTATION TO REV. J. W. AND MRS. OLIVER AT BELLEVUE

A very pleasant social evening, given in honor of Rev. J. W. and Mrs. Oliver, was spent in the Bellevue United church on Monday.

A large gathering of friends of the pastor and his wife were present from Frank, Blairmore, Hillcrest and Bellevue.

Mr. Noble McDonald acted as chairman, and in a few well-chosen remarks expressed the regret of the people of the community that Mr. and Mrs. Oliver were leaving the district.

They are leaving this week to take up new duties at Lion's Head, Ontario, and all feel we are losing friends. The best wishes of their friends go with them.

A presentation was made to Mr. and Mrs. Oliver by Mr. R. T. Johnson of a purse of gold, in behalf of their many friends in the community. A very pleasing feature was the contribution to the presentation by the friends of the Frank church, who joined with the Bellevue people.

Mrs. Oliver was also the recipient of a handsome purse presented by Mrs. Curry in behalf of the members of the Ladies' Aid of the Bellevue United church.

The final presentation was made by George Clavton to Mr. and Mrs. Oliver. This presentation was a beautiful picture of Lundbreck Falls, painted by George himself.

Mr. and Mrs. Oliver made suitable replies. Refreshments were served by the ladies, which brought a very enjoyable evening to a close.

STEEVES—BAKER

The following social items are clipped from The Calgary Albertan:

More than one hundred and fifty guests called on Saturday afternoon when Miss Lillian Baker was the hostess of a charmingly arranged trousseau tea. Mrs. M. Steeves assisted Miss Baker in receiving the guests in the reception hall, which was gay with roses and carnations in coral tones effectively arranged. In the drawingroom Mrs. W. D. Milner was in charge, inviting the guests to the tea room. The tea table was most attractive with a huge silver basket filled with rose-pink carnations, about the base of which was wound gossamer tulle in the same tones, which were also carried out in the tall tapers set in low silver sconces. Here Mrs. Martha Carter and Mrs. J. C. Linton presided at the tea and coffees for the first hour, being later relieved by Mrs. C. P. McQueen and Mrs. F. E. Osborne. A number of the bride elect's girl friends, under the supervision of Mrs. Ernest R. Selby, assisted in serving during the afternoon, including Miss Helen Robinson, Miss Jean McQueen, Miss Margaret Scott and Miss Ruby Steeves. Miss Helen McRae and Miss Margaret Jennings assisted in the den, where the trousseau was viewed.

Mr. and Mrs. Norman McEachern, of Wetaskiwin, will be visitors in the city this week, to attend the Steeves-Baker wedding.

Complimenting Miss Lillian Baker, whose marriage will be a social event of the week, Mrs. Walter MacLean will entertain informally at the tea hour this afternoon.

Miss Lillian and Miss Kathleen Nolan will entertain this evening in honor of Miss Lillian Baker, a June bride-elect. Three tables of bridge will be arranged.

The railway companies have notified shippers that their freight sheds will be closed from the night of Thursday, June 30th, until the morning of Monday, July 4th.

If it takes ten pounds of oats to keep a Shetland pony in Blairmore or anywhere else one month, what does it take to keep a pure-bred Shire horse for the same period?

MACLEOD HOSPITAL VERSUS TOWN OF BLAIRMORE

The case of the Macleod Hospital versus the Town of Blairmore was heard yesterday before Judge Jackson. Mr. J. W. McDonald, of Macleod, represented the complainant, Mr. J. E. Gillis appeared for the Town of Blairmore. This was a case involving a sum of around \$200 claimed by the hospital in connection with the board and attendance fee of an invalid patient, Mrs. E. Russell, former resident of Blairmore, the amount being contracted after the hospital had been notified that after a certain date the Town of Blairmore would not be held responsible for same. Judgment is reserved.

John G. Frankish, an old-timer in the Pincher Creek district, passed away on June the 7th, at the age of 67 years. He was born at the Manor House, Willoughby, Yorkshire, England, in 1860, and came to Pincher Creek in 1910.

WALL LAKE OPEN TO FISHING

Wall Lake, sixteen miles west of Waterton Lakes, which was closed last season, is now open. Permits for fishing have been reduced from \$10.00 to \$1.00 per day for tourists, and may be obtained from the park superintendent.

WATERTON HIGHWAY TO BE BUILT AT ONCE

Premier Brownlee has announced from Edmonton that the construction of the highway from Cardston to Waterton Park would be undertaken this year. Engineers are already being despatched to make the necessary survey and construction of the highway will be proceeded with without delay.

Miss Lillian Baker and Mr. Gordon Steeves were guests of honor last evening, when Dr. and Mrs. Ernest R. Selby entertained at bridge at their home in Calgary.

WORLD HAPPENINGS
BRIEFLY TOLD

Slavery has almost ceased in Burma, the Government has notified the Secretary of India.

The United States legation will establish offices in the Metropolitan Building in the heart of Ottawa.

Captain Montague White-Fraser, 73, veteran of the South African War, and former member of the I.N.W.M.F., is dead at Vancouver.

Finally revised statistics on the Canadian automobile industry show that the number of motor cars produced during 1926 was 204,727, an increase of 36 per cent.

Hon. Judge Jas. Flynn, former Premier of the Province of Quebec, and judge of the Court of King's Bench, of the Province of Quebec, is dead, after an illness of several weeks.

By September 1 the Independent Biscuit Co. Ltd., will have a factory in operation in Calgary, employing a hundred persons. It can be seen. The company is capitalized at \$500,000 and will operate under a federal charter.

D. R. Poole, former secretary of the Manitoba Boys' Work board, has accepted the secretaryship of the National Boys' Work board, which represents the churches and the Y.M.C.A. in co-operative boys' work throughout Canada.

Dr. Abraham Zingher, noted bacteriologist, who helped perfect the Schick test for diphtheria, was hospitalized when he dined in his laboratory at New York, while conducting research into the Dick test for scarlet fever.

Canada will be represented at Geneva on the question of naval disarmament by Hon. Ernest Lapointe, minister of justice, and W. A. Riddell. Mr. Lapointe is returning by way of the Suez route from Australia where he took part in the official opening of the new capital at Canberra.

The Department of Agriculture has removed the embargo on cattle entering Canada from England. The embargo was imposed on account of the foot and mouth disease. It was originally applicable to the whole of Great Britain, and was removed from Scottish cattle only about a month ago.

At the national Jersey cattle sale held at Trenton, N.J., a record price of \$3,500 was paid for a four-year-old Jersey cow from the stock farm of B. H. Bull and Son, Brampton, Ont. A three-year-old Jersey cow from the Brampton farm was sold to John Lee, of Ohio, for \$1,650. This was the second highest price paid in the sale.

Complete Restoration
of Rheims Cathedral

Historic Building Destroyed by German Fire is Again Open for Service

For thirteen long years the bells of the Cathedral of Rheims, remained silent. Thirteen years have elapsed since the last service was held in the building which in the eyes of the whole civilized world, became the symbol of France's sufferings, trials, renaissance and redemption.

Three dates stand out tragically marked in the cathedral's history. On September 4, 1914, the first German shell crashed through the north transept. On September 6, 1914, Mass was celebrated for the last time beneath the noble arches, under the shadows of which Joan of Arc five centuries ago had the Dauphin crowned King of France. On September 19, 1914, the cathedral was destroyed by the fire and the roof and bells crashed in, more than 400 tons of molten lead streaming down into the blazing furnace.

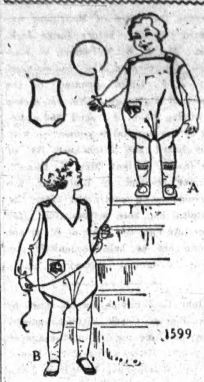

The long work of restoration is now terminated and the keys of the completed building have been handed over to Cardinal Luçon, Archbishop of Rheims.

Plans for Russian Aviators
Five long flights are being planned for this year by the Society for the Development of Aviation and Chemical Industry in Russia. The first three will be within Russian territory, but a Soviet plane will attempt a flight to Stockholm, Copenhagen, Berlin, Paris, Prague, Vienna and back to Moscow. The fifth flight will be from Moscow to the Far East.

Australian wildernesses abound in subterranean rivers which may be tapped by artesian wells. Queensland now raises 600 million gallons per day. The artesian belt of Australia is larger than all Argentina.

The cry "Back to the farm" would mean more, if raised by those who wish to go.

W. N. U. 1685

Any boy or girl will find enjoyment in wearing the attractive one-piece coverall shown here. The back buttons on the front at the shoulders and the neck may be either square or V-shaped. Contrasting material is used to bind the edges and the patch-pocket is embroidered in an attractive design. No. 1599 is in sizes 1, 2 and 4 years. Size 2 requires 1 1/2 yards 27 or 32-inch material, and 3/4 yard 27-inch contrasting for binding. Price 20 cents the pattern.

The Transfer Design is No. 1168. Price 25 cents the pattern.

Home sewing brings nice clothes within the reach of all, and to follow the mode is delightful when it can be done so easily and economically by following the styles pictured in our new Fashion Book. A chart accompanying each pattern shows the material as it appears when cut out. Every detail is explained so that the inexperienced sewer can make with-out difficulty an attractive dress. Price of the book 10 cents the copy.

How To Order Patterns

Address—Winnipeg Newspaper Union,

Trucked Hogs Grade Well

With the extension of good highways from the marketing centres into the country the number of hogs delivered to the stockyards and packing houses by truck is constantly increasing. Not only is the delivery accomplished quickly, and therefore in good condition, but as was pointed out at a number of swine meetings in Eastern Ontario by Mr. Eric D. McGee, the sheep and swine promoter of the Live Stock Branch at Kingston, it leads to rapid improvement in the grades because the farmer can see for himself the type of hog for which the highest price is paid. This explains why the percentage of sales in hogs trucked to market is usually higher than where they are shipped by rail.

Source of Chinese Munition Supply

Great Britain is Only Country Not Sharing in Business

Russia has hitherto been given the credit or discredit of being the chief source whence the warring Chinese factions have obtained their supplies of arms and other materials of war. Russians have been frequently reported to be serving in both the Northern and Southern armies, and the chief adviser of the Cantonese government during its drive to the Yangtze Valley was Michael Borodin, the chief agent in China of the Soviet government, believed to be still in Hankow, the seat of that faction of the Cantonese most deeply imbued with the Communist ideas. Anxious to get fresh light on the origins of the Chinese arms supply, the contributor to the Nation and New Athanasius, of London, England, who uses the pen-name of Kappa, conducted a private investigation of his own, uncovering a number of interesting facts. He found that while the Russians had contributed both armaments and men to both sides, some other nations had also been active in a similar way, notably Germany, that country sending to China during 1925 armaments to the value of nearly \$3,500,000. So surprise would be natural at finding Norway in the traffic to the extent of \$1,250,000, with Italy next, furnishing munitions worth \$1,000,000. United States manufacturers equipped the arsenal of the Cantonese, and France provided military airplanes. Great Britain, indeed, was conspicuous inasmuch as it was the only country that did not share in the business.

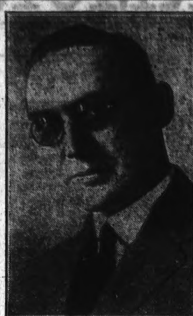

European residents in China who were compelled to fly before the advancing Cantonese probably did not realize that the Nationalist troops were armed with Western weapons. The situation, as the Brockville Recorder and Times sees it, recalls its kinship to that existing during the war when the Canadian troops became the target of shells into whose construction nickel mined in Canada entered. That Great Britain has refrained from assisting the arming of the Chinese redoubts greatly to her credit. It is evident enough that uprisings and internal warfare will recur in China as long as traffic in arms is permitted to proceed without interference from the great powers. It can scarcely be satisfactory to the people of the United States to learn that the very arms used at Nanking, where one American, at least, lost his life, may have been supplied by a United States munitions firm.

The practical solution of the difficulty apparently lies in reaching an agreement limiting the traffic in arms and signing and ratifying the Arms Traffic Convention to that end. — St. Thomas Times-Journal.

Issuing Jubilee Stamps

Postmaster-General Vautour is issuing a special series of postage stamps to commemorate the Diamond Jubilee of Confederation. They will be larger than the normal issue, and will depict the development of the Dominion the expansion of its transportation systems and various phases of the nation's industries and resources. It is stated the stamps will bring joy not only to philatelists, but to the public generally.

Tom—"How can that little birthday gift for your wife be a surprise if he told you what she wanted?"
Henry—"I'm not going to give it to her."

R. W. BALL

Formerly general superintendent in charge of eastern lines of the Canadian National Telegraphs, has been appointed general superintendent of western lines, with headquarters at Winnipeg. Mr. Ball will have jurisdiction over all territory west of Port Arthur to the Pacific Coast.

Employment at High Point

Returns Show That Employment is Now at Highest Peak Since 1920

Reports up to May 1 of this year from 5,948 firms showed that employment in Canada was at the highest point it has been since the Canadian Government Bureau of Statistics began to keep employment records in 1920.

The payrolls of the 5,948 firms reporting on May 1, showed that there were \$20,810 persons employed. Manufacturing, construction and transportation recorded the most pronounced improvement, but large gains were also noted in trade, services and communication.

The official returns on employment in Canada do not include farmers. In the months of April and May there is always a considerable demand for farm labor to help in the seeding, particularly so in Western Canada, where millions of acres are sown to wheat and other grain crops.

Woman Radio Expert

Has Worked Up Well Paying Business in Brooklyn, N.Y.

Three years ago Miss Harriette F. Quick, of Brooklyn, N.Y., bought a radio set. It intrigued her. She took it apart to see what made it work, and finding that it was not nearly made, she rebuilt it to suit herself. Later Miss Quick showed the rebuilt set to some of her friends and they liked it so well they ordered sets like it. That started her in business and she set up a work bench and started filling orders. To day she does nothing else but build radio sets, except when she is erecting aerials or trouble shooting. She is Brooklyn's only woman radio engineer and one of the few feminine radio experts in the world.

Origin of "Humbug"

"Humbug" originated when James II. of England coined base metal in his fight for the crown. The Irish called it Um Bog (worthless money), which became first Oumbug and then Humbug.

How easy it is to tell others that it's no use to worry.

SUNDAY SCHOOL LESSON
JUNE 19

PETER TEACHES GOOD CITIZENSHIP

Golden Text: "Love worketh no ill to his neighbor."—Romans 13:10.
Lesson: 1 Peter 2:11-17.
Devotional Reading: Psalm 146:5-10.

Explanations and Comments

1. The Seemly Life, 2:11, 12—"Beloved, I beseech you as sojourners and pilgrims."—Thus Peter addresses his readers. Peter is here speaking metaphorically; he wishes them to realize that life is a journey, not a goal, and that the attainment of character which is eternal should be their aim; they were living, as it were, in exile on earth, heaven was their true home.

"The Christian looks for a life eternal, in comparison therewith the best things of this time are of little account. It is but as a lodging for a brief night, and as dawn the traveler sets forward for his true home."

"Since they had but a short time to stay on earth, they must live their brief life nobly. 'I beseech you to abstain from all fleshly lusts, which war against the soul,' are Peter's words."

"Do not let us so narrow his interpretations that the majority of us escape the grip of the spirit's injunction. Let us attribute a comprehensive meaning to the universal word 'lust.' Lust includes the entire array of unclean forces which are antagonistic to the exalted realm of the spirit. It includes not only the carnal desires, but the jealous eye and the selfishly just. Fleishly lust is everything in life which steams the windows of the spirit. Fleishly lust is therefore inclusive of envy, jealousy, avarice, insatiable selfishness, and inordinate ambition."—J. H. Jowett.

"Having noted your behavior recently among the Gentiles; that, wherein they speak against you as evil-doers, and the filthy by your good works, they behold, glory God in the day of visitation."—How like an echo from the Sermon on the Mount this seems! "Let your light shine before men; that they may see your good work, and glorify your Father who is in heaven." "So Christ's pilgrim leaves a track of light behind him; he is a witness in the phase in the day of visitation suggests fear in the apostle's heart lest the response to this witness might not be immediate; it might have to abide Christ's own time. The hour of visitation which will come the hour of illumination will come, and then all the quiet witness will tell—the holy work, the patient endurance, the lofty testimony, the life that is fair to see."—J. M. E. Ross.

Per Capita Savings

People Now Seven Times Better Off Than in the Year 1900

Some interesting figures were recently made public regarding the per capita savings and per capita wealth of this country. The figures are worth quoting if only to disprove statements sometimes heard to the effect that we are worse off these times than in the good old days of a quarter of a century or more ago. In 1900 the per capita savings deposited in Canada amounted to \$32 and the per capita life insurance in force to \$70, giving a total for both of \$102. At the beginning of 1927, the per capita savings deposits amounted to \$152 and the life insurance in force to \$530, or a total for both of \$782, or over seven times the total of 1900. Figures of per capita national wealth, compiled by the League of Nations, are: United States, \$2,918; Great Britain, \$2,459; Canada, \$2,406; France, \$1,570; Germany, \$1,080; and Japan \$544.

Keep both eyes open on an enemy who wants to do you a favor.

Getting The
West's Money

High Pressure Salesmen Selling Worthless Securities to the Unwary

The Saskatchewan Farmer calls attention to the "high-pressure" salesmen peddling highly speculative or worthless stock who are "infesting" the Western Provinces. These men, it says, are conducting what has been termed one of the biggest promotion campaigns in the history of the West. Some of them are selling oil stocks without any apparent value, and others are disposing of alleged gold-mining securities, while more or less uncertain industrial securities are also being offered.

It is the old story of inducing people to believe they can get rich quickly. It is being told in the East as well as the West, but perhaps the latter appears like a more remunerative field at present. The farmers are prosperous, and they may not have had the warnings which have been given from time to time in this part of the country.

Until some day can be found to protect the unwary investor he will continue to be prey for the promising salesman with a highly decorated piece of paper. If the victim is a man who can afford to take a chance, and who parts with his money knowing that he is merely gambling, the case is not so serious, but when a widow with a limited income is induced to buy worthless securities on the promise of better returns it becomes a matter for community interference. There should be a way to protect her, but the most effective means, so far, seems to be through publicity. Too many people do not realize that stocks and bonds paying substantial dividends do not so beg for buyers. When they are approached by salesmen claiming to have such securities to offer they should consult a reputable broker or a banker before purchasing, and the chances are that they will be advised to keep their money.—Toronto Globe.

Government Annuity Scheme Is Attractive

Labor Department Gratified by Responses From All Parts of Canada

The campaign for intensive and Dominion-wide publicity which is being consistently furthered by the minister of labor, Hon. Peter Heenan, is having a material result. This is apparent through the large volume of enquiries received by the Department of Labor, and the extent to which interest in Dominion Government annuities has been developed from coast to coast.

It might be expected that the more densely populated sections of the Dominion would show marked interest in this form of savings or old age insurance. Responses, however, are coming from all parts of Canada, it is noticeable that the object most ardently desired by the laborer is the development of thrift on the part of the workers and wage earners, is being attained, for it is from these classes noticeably that keenest interest is being displayed.

Officials of the department are requested to make any statement of comparative figures in respect to increased business undertaken, but they do not conceal the fact that very keen and very real interest is being shown in the Canadian government annuity scheme.

Conference to Be Held in Fall

Premiers of Provinces Will Go to Ottawa for Discussion

The conference of provincial premiers will be held in Ottawa in the latter part of October or early in November, it has been announced by Hon. Lucien Bouché, solicitor-general, Hon. Fernand Robit, secretary of state, and the deputy ministers of the various federal departments.

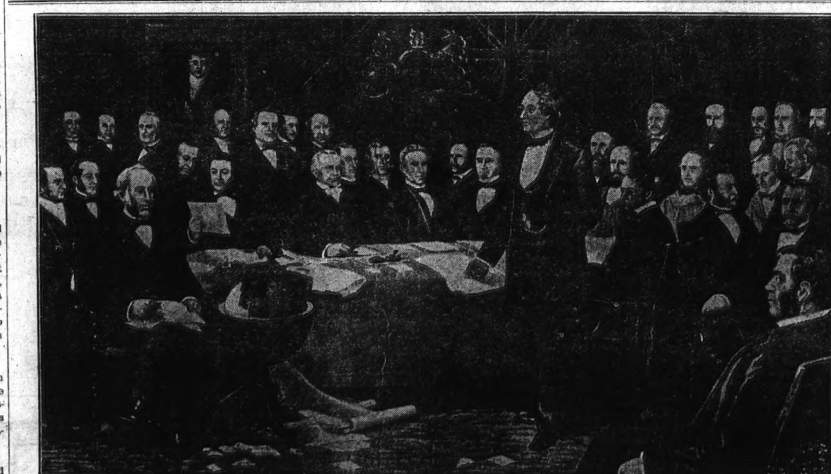

Selection of a definite date for the conference will not be made, it was stated, until the next meeting of the deputy heads with Mr. Cannon and Mr. Bluff.

In the interim, a list of subjects which the different departments desire to have placed on the agenda for discussion will be prepared. The provincial governments are also being requested to indicate the subjects which they wish to have discussed at the conference.

Manitoba Cordage Plant

The first shipment of wrapping cord from the Manitoba Cordage plant at Portage La Prairie moved over Canadian Pacific lines on May 10th, to the T. Eaton Co. Ltd., the Tribune Publishing Company and the Manitoba Cordage Company at Winnipeg.

A lower race never gets "hated" because it's lower, but because it's bad mannered.

THE FATHERS OF CONFEDERATION

A rare print of the Confederation Conference held at Quebec, in October, 1864. It was presented to the Public Archives recently by the Right Hon. Sir Robert Borden.

CHAPTER I—Continued

"Are they all bad, Aunt Lili?" asked Helmi tearfully.

A long spell of coughing delayed the answer.

"They don't want to settle down in their home like we do; they don't like kids and a nice quiet life—though they will tell you they do. You are pretty Helmi; that's why I am afraid. I don't want Mike to see you if it can be helped. He'll want you just like he wanted me. Kate, the cook, will keep you safe. All the girls are my friends. . . . Remember what Aunt Lili said, Helmi."

Having received the extension of time she had asked for, and having delivered her message, Aunt Lili gave up the fight without a struggle. The silence of the room was broken by the stony looks of big Kate, the cook, and the two upstairs girls, she had said goodbye to all the girls in the house the night before. Her last and tenderest words were for her young niece.

"If you could only talk English I would stay," she had said. "It is a good country, but it's too hard for a pretty girl who has no English."

"I can learn, dear Auntie," said Helmi, tugging the thin white hand, "like you did, Aunt Lili," but Aunt Lili did not hear.

Mike Laine, the proprietor of the "Farmer's Home," learned in some way of his niece's arrival and asked to see her. He pinched her arm affectionately the day of the funeral and told her to call him "Mike" and not the "Uncle" stuff. His burning eyes made her shudder.

One of the girls, Helmi Finnish, and in big Kate's room of the kitchen, a council was held. Helmi was firm in her determination to stay. Big Kate, who had one hundred dollars in trust for her, urged her to go home; the Finnish girl faithfully interpreting both sides of the argument.

For three days the discussion raged, Helmi during the intervals having washed her clothes and learned their English names. She also did her share of dishwashing and potato peeling. Her skill in these matters was the heart of the cook, who on the third day wrote a letter to her sister in Winnipeg telling her to meet the train from Saint Paul on a certain day and look out for a "Finnish" girl with red hair and a green tan sash.

The day that Helmi left, Big Kate made the explanation to the bereaved uncle. Doing the cook, she was not afraid to talk back to any one, and besides, she had certain information which quieted Mr. Laine's outburst of

language into the kitchen. "What's the row?" she asked.

"Helmi came in at five tomorrow, just when I'm up to my eyes in the dinner. Now, you go down—you can speak to her and be back in time to carry the dinner, too."

Anna's head was hung back. "I think I see myself—I didn't send for this girl—she's nothing to me—merely another wage slave coming to take a job. There's too many girls now for the job."

Margie Kenny's face was screwed up in astonishment. "My God," she cried, "is that the brotherhood you learn at your meeting?"

"We're opposed to immigration," said Anna firmly. "The Government dumps in people here, just to keep wages down. It's the capitalists again. You haven't sense enough to see it."

"For all the brazen, selfish lumps I ever saw it's you Anna. When you came here two years ago all you could say was 'Yiss.' You showed you how to make a bed and comb your hair and put up your stockings. And now, by Gosh, you wouldn't meet another girl at the station, and for your own country and all. Did you never hear of the Golden Rule, do as you would be done by?"

"Old stuff, Margie," scoffed Anna. "No one believes that now. The idea of a thing that stuff around to tell us to sleep, that's all. It may catch you and your breed, but not us. We're gone a long way past that."

"What the devil do you want, Anna Milander. Haven't you a good job, good meals, good bed, better clothes than you ever had? What else?"

"We have nothing to lose but our chains," said Anna loftily. "How long could old Spencer run this job without us? The world belongs to the workers, but we haven't the backbone to claim it. Softie like you keep us back with your Golden Rule, and the Spencers get the profits. There's only two classes, those who work and those who live on other's work. Some people earn and some spend. If the workers would all organize, we could dictate terms. Some day we'll do it. That's new day with me."

(To Be Continued)

Claims Oldest Sewing Machine**Crabrook Woman Using One Seventy-three Years Old**

A two-year-old automobile may be considered old, but there are sewing machines in use in British Columbia that date back to the time of the first settlement in this part of Canada many years before the railroad traversed the Rockies.

All through the province, especially in the interior centres, there are sewing machines that were brought to the coast on sailing ships around Cape Horn.

A short time ago, a continent-wide search was made for the oldest sewing machine in the United States and Canada. Letters were received from 153,000 owners entering machines in the contest. More than 100,000 of these machines were at least 40 years old, but the winning machine was manufactured before the beginning of the American civil war or Canadian Confederation.

The oldest sewing machine in Canada is said to be the property of Mrs. P. Willis, of Crabrook, B.C. It is 73 years old, and yet it is still in regular service, and as sound as when it was first used.

Many people are almost crippled with corns. But it is needless suffering which can be speedily cured with Holloway's Corn Remover.

Iodine for Scarlet Fever
Iodine, injected hypodermically, not only cures scarlet fever, but will totally kill its germs, according to a doctor practicing in the Ambruzzi Mountains in Italy. He said he tried it during a recent epidemic and stamped out the scourge in a few days. The iodine was injected in quantities proportionate with the age of the patient.

**Diarrhoea
Summer Complaint

**DEFOLOWERS
EXT-OF
WILD
STRAWBERRY**

Mr. T. F. McGregor, Melbourne, Alta., writes: "Over forty years ago my mother used to give us Dr. Fowler's Extract of Wild Strawberry for summer complaint. All through the years since then when troubled with an excessive looseness of the bowels I have been accustomed to take a few doses of this same old, reliable remedy and it always seems to have the desired effect, no matter what the cause."

Don't Accept a Substitute
The valuable preparation has been on the market for the past 50 years; put only by The T. Millburn Co., Limited, Toronto, Ont.

"The wonder metal of the age" is a fitting term for Aluminum. Its lightness, brightness, flexibility, freedom from rust, and many other good qualities, make it adaptable to a multitude of uses, a chief one being as a container for excellence. It is good tea called Rose Tea is packed only in this modern metal package.

Trade Routes Encircle Globe**Ocean Has Been Mapped to Its Farthest Recesses**

North, south, east and west, crossing and recrossing, threading their way to the great and thriving commercial ports and to the farthest, seldom-visited trade outposts situated on some tropical island or the banks of a vast and mysterious jungle river, bearing on their broad surfaces the keels of myriad ships, stretch the sea-lanes of the world. There are many of them, some swelled up with pride at the importance of the ships and cargoes that travel their way; others are steady-going, industrious routes that rest well content in the knowledge of their worth to the traders with far places; and other sea-lanes which lead to some almost forgotten outpost of commerce or empire, are neglected and lonely.

The scarce two or three ships pass silently over their waters during the course of a year. Whenever a ship sets sail and leaves harbor mouth, she enters upon one of the sea lanes, for the most part, ocean trade has become in the main, so well-travelled that the once "uncharted" ocean is now explored and mapped to its farthest recesses, and the way from port to port has become standardized—in so far as it is possible to standardize anything so vast as Father Ocean.

There are, perhaps, a dozen principal trade routes, and many sea lanes, over which passes the never-ending procession of smoke-belching steamers and the few forty-masted sailing ships that are still left on salt water. The steamer which pions on its way independent of the wind, and whose movements are determined largely by the desire of her owners to save time and fuel, sail a more direct course between ports than the sailing ship, which often makes wide detours in order to catch a favoring breeze or ocean current, or to avoid treacherous coasts where adverse winds might drive her ashore. Thus it is that the sailing ships follow the even, high ways dictated by nature, and leave the grubby steamers to go their own way, beamrinding sea and sky with their coal smoke; but rarely getting a chance to drop cinders and grime on the hulls of the sailing ships of the members of the old regime.

Joseph Leming in "Ships and Car-goes."

Sores Heal Quickly—Have you a sore throat that refuses to heal? Then, use Thomas' Electric Oil in the dressing. It will stop itching, carry away the proud flesh, draw out the pus and prepare a clean way for the new skin. It is a recognized healer among oils and numbers of people can certify that it healed where properly applied.

Reduce Size of Paper Money**Size of Paper Currency in United States to be Reduced by About One-Third**

Reduction in the size of paper money by about one-third, beginning with the dollar has been authorized by the biller. Stated by Secretary Mellon. The present size of the paper currency is 7-7/16 by 2 1/2 inches. Assistant Secretary Dewey's accepted recommendation calls for a reduction to 6 1/2 by 2 1/2 inches, which is approximately the size of the Philippine currency.

The first new dollar bill of the smaller size will probably be turned out at the Bureau of Engraving and Printing within a few months but a supply will not be released to the public for about twelve months.

British Women Smoke More

A few years ago women organized anti-tobacco leagues, fought the use of the weed. Now, according to English physicians, the weaker sex is more intemperate than men in the use of cigarettes. Some women, they say, boast of smoking 50 cigarettes a day. Most of them use long holders in which nicotine accumulates and is swallowed in small quantities.

"Grandpa's a hundred and three years old today, doctor."

"Isn't that splendid! And does he read or do anything?"

"No," he doesn't seem to have no ambition for nauts."—Pearsons Weekly.

New claimant to the world's longevity record is Teku Ogih Ahi Agba, who claims to be 147 years old. He is in good health and says he remembers events that occurred 135 years ago.

Invented Good-Paying Job**Englishman Tramps Around Country Typing Letters for Farmers**

On tramp with a typewriter, doing letters for people on lonely farms and in out-of-the-way villages, is a job that an ex-serviceman has invented for himself in order to earn a living. He is Henry Woodford, a native of Otley, England, who was a clerk at Hull before joining the army, and afterwards was in turn, hop-picker, ship's stoker and fish hawk.

"I have been making a decent living for the past two years tramping round the country from the early spring to the late autumn," he told an interviewer recently.

"I type letters for farmers and their servants, and when I strike any big public works I always find that the men—more especially the navvies—are glad to have the opportunity of having a letter typed for them."

"I have tramped all over England, Ireland and Wales, and now I am going to try Scotland. My charge for letters, long or short, is 12 cents. I must have typed thousands, including love letters."

"I never knew there was so much romance on the land. To hear some stolid looking farmer tell their love story in the round and ready language was a surprise to me."

"The girls always want a line or two of poetry, and as I have an odd book of verse I am able to oblige them."

An Unusual Bequest**Toronto Man Left Something Better Than Money to Children**

A Toronto real estate dealer, who died recently, did not leave his family very much money, but he bequeathed to his children some advice which, if acted upon, will prove to be much more valuable than gold or silver. In his last will and testament he declared that his fervent prayer was that all his "dearling children" will embrace every opportunity to do good, to be kind and loving to all the human family.

If the beneficiaries of this advice ponder over it, and put it into daily practice they will lay out for their selves riches, both in this life and in the life to come. They will be rich in the affection and regard of their fellowships. Like begets like. If men manifest kindness and love toward the human family, they will receive the same in return.

Money is not everything. As Tonyony has no well put it, "Kind hearts are more than coronets." So fathers who have little or no money to leave to their children may easily do a lot worse than this Toronto father who sought to bequeath to his offspring the spirit of kindness and of brotherly love.

Little Helps For This Week

Blessed are the pure in heart, for they shall see God.—Matthew v. 8.

The pure in heart God's face shall see.

And does not this Include the whole ecstatic scale Of promised bliss?

Can you catch His dear presence gain, More joy attain?

Certainly as the open eye drinks in the light, so the pure in heart see God. And he that lives truly, feels Him as a presence not to be put by.

—Theodore Parker.

The pure in heart see God in everything, and see Him everywhere; and they are supremely blessed.

—John G. Holland.

A safe and sure medicine for a child troubled with worms is Mother Graves' Worm Exterminator.

Back-to-the-Land
A member of Parliament was a passenger on a steamship which was slowly sinking. The passengers were climbing into the lifeboats.

"Sir," said a reporter on board the ill-fated vessel, "here's a chance for some publicity. If you cared—"

"You may quote me as saying," replied the statesman, "that I am heartily in favor of a back-to-the-land movement."

"Barnes—"I make my son practice four hours each day."

Rod—"Heaven, man, you'll make him hate music so much that he will give it up."

Barnes—"Fine. That's just what I want."

Ease sunburn with Minard's Liniment.

The system of mass production was originated 200 years ago among the Indians of Kentucky, in the Blue Grass Village. By passing each lion through 100 hands, the village was able to turn out 2,000,000 each year.

Growth of Winnipeg
Is Now the Third Largest City in Canada

Winnipeg is still the third largest city in Canada, according to figures furnished by the Board of Trade. Its population, including suburbs, is 294,646, as given in Henderson's Directory. Montreal and Toronto are the two cities, well ahead of this figure, the former at a million and the latter at three-quarters. City Hall records give the population of Winnipeg proper at 199,392, or a gain of 7,000 over a year ago. Vancouver comes next with about 160,000.

THAT BABY OF YOURS

Keep Him Well With the Aid of Baby's Own Tablets

No matter how strong and rosy your child may be he requires a laxative sometimes so that the stomach may be kept sweet and the system clean.

Formerly the laxative medicines given to children were disagreeable ones—castor oil, senna tea, powders and so on. But now Baby's Own Tablets, easily administered and pleasant to take, have superseded these. The children like Baby's Own Tablets.

Not only as a laxative but in many other ways these Tablets are an ideal remedy for little ones. They quickly reduce feverishness, relieve indigestion, colic and vomiting, prevent constipation, check diarrhoea, allay teething pains and promote healthful, natural action.

You can get Baby's Own Tablets at any dealer in medicine or at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

According to insurance company statistics quoted in an article in "Liberty," six is the age at which children are most likely to be killed by accident.

CAMPERS!

**OPERATION LEFT
HER VERY WEAK**

Letter Tells of Wonderful Relief After Taking Lydia E. Pinkham's Vegetable Compound

Coniston, Ontario.—"After a severe operation and a three weeks' stay in a hospital I returned home so weak that I was unable to move a chair. For four months I was almost frantic with pain and suffering until I thought there could be any help for me. I had very severe pains in my left side and suffered agony every month. One day when I was not able to get up my mother begged me to try Lydia E. Pinkham's Vegetable Compound and I took it. I started a second bottle, and to my surprise and joy the pains in my side left me completely, and I am able to do all my work without help. I am a farmer's wife, so you see I can't be too long in it. I have taken six bottles of Lydia E. Pinkham's Vegetable Compound, five boxes of the Compound Tablets, ten bottles of Lydia E. Pinkham's Blood Medicine, and have also used the Sensitive Wash."—Mrs. L. A. BROWN, Box 10, Coniston, Ontario.

THE LURE OF THE MOUNTAINS

Many people in these days are like the Psalmist in wishing to lift up their eyes unto the hills. In all age mountains have had a fascination for the people of the earth. Early races worshipped upon hills or looked to the mountains as the dwelling places of their deities. In these days the mountains have an increasing lure to all classes who are in a position to make the necessary trip to reach them, and in Canada we are indeed fortunate in having mountain scenery which in variety and extent cannot be surpassed anywhere.

The Rocky Mountains with the Selkirk and Coast Mountains form a veritable mountaineer's paradise. Its extent is so great as to provide fresh trails and deeper thrills each season for those who have the hardihood year after year to seek out the secrets of the hills. Many of these adventurous playgrounds have been mapped by the topographical survey, department of the interior, and very excellent maps are available. Some of these maps of park areas have been issued in co-operation with the Canadian national parks branch of the department and may be obtained from either office. Other map series which may be obtained from the topographical survey comprise the inter-provincial boundary map sheets extending from the United States border to the crossing of the Canadian National Railway at Yellowhead Pass with other sheets north of this being issued from time to time, the Banff, Donald and Calgary sheets of the second series, and the Lake Louise and Kamloops sheets of the national topographic series. Indexes of any of these and information as to prices of the maps will be gladly furnished upon application to the Topographical Survey, Department of the Interior, Ottawa.

Sharkey will likely meet Dempsey in a fifteen round bout at the Yankee Stadium on July 21st.

A GENEROUS GIVER

The will of the late Mrs. Gertrude Ayre, St. John's, Newfoundland, reveals the following bequests:

The permanent marine disasters fund, \$500; Gover St. United church, \$1000; Cochrane St. United church, \$1000; George St. United church, \$1000; Wesley United church, \$1000; Gover St. W. M. S., \$500; College St. W. M. S., \$500; Ladies' College A.C. Society, \$1000; Church of England orphanage, \$500; Mount Cashel orphanage, \$500; the Ayre Memorial Gymnasium, the interest on the sum of \$10,000 for upkeep; the supernumerary ministers and ministers' widows of the Newfoundland conference of the United Church of Canada \$5000; the employees of Ayre & Sons, Limited, \$5000.

A GOOD USED CAR

Before buying a horse, you look in his mouth. Before buying a second-hand flivver, look beside, behind and beneath the rear seat. Should you find a couple of dainty handkerchiefs and a pair of shoulder straps, or a lipstick and a half a package of cigarettes, or several assorted buttons and a vanity case, or a cheap bracelet, an empty bottle, or perhaps a female garter or a pair of garters, by all means buy the car. No matter what the dealer says, you can have sufficient proof that the car has been run very little and has been well looked after by its former owner.

An excited crowd of Aberdonians gathered in the street to discuss the alarming rumor that the London-Aberdeen train had sustained an accident at Dundee.

"Dear me," said one of the bystanders, "this is a bad business. Ma wife was on that train."

He turned to walk away, but at that moment a newsboy hove in sight with a special afternoon edition containing the news. "Hey, Jock," someone shouted to the man whose wife was on the train, "are ye no' going to buy a paper and get the details?"

"Na, na," replied Jock; "I'll wait till the final edition and get the racin' results as well."

An act to amend the trade-mark and design act was passed recently and is now in effect. The amended act provides for the registration of union labels, show cards and buttons, and thereby gives the same protection to these as previously accorded trade marks. Action will be taken against any person using any label in contravention of the act.

CHEVROLET IMPERIAL LANDAU

Chevrolet announces a new model, the Imperial Landau. It is a five passenger closed car of luxurious appointments and new design.

Heralded as the aristocrat of low-priced cars, the new model is equipped with a specially designed Fisher body, marking a new creation by Fisher that provides the low-priced field with a smart, rakish Landau.

Contributing to the distinction of the Imperial Landau is the specially designed low-slung Fisher body with its many advantages in design from vaulted roof and oblong plate glass windows to smoking set. Hardware is of special design throughout with door seals of beaded maroon leather—in pleasing contrast with the deep-tufted mohair upholstery.

Emphasizing the exterior beauty of the car is the lustrous satin black Duco finish with double bead stripes of Chasseur Red. Window frames have a crimson trim on the outside and maroon within the car. The top rear quarter and the sun visor are of mouse gray textile leather. The Imperial Landau is fitted with a swing-out type windshield of one-piece design on nickel-plated brackets, while narrow front pillars provide for increased driving vision.

The Imperial Landau is equipped with standard one-piece, full-crown fenders, balloon tires, bullet-type head lamps, oil filter, air cleaner, co-incident steering wheel and ignition lock, remote control door handles, improved instrument panel, new gasoline gauge, disc wheels, new radiator and running board.

A factory statement points out that only the economies resulting from great quantity production have enabled the company to produce the new model at the price listed.

Introduction of the Imperial provides the company with eight models—six closed and two open cars—comprising the most complete line of automobiles ever offered by a manufacturer of low-priced cars. In addition to the passenger models, the company is also building commercial vehicles in both ton and half-ton sizes.

The police authorities are doing splendid work in keeping a keen eye on motor speeders going through the town limits; especially a certain driver from a town not far distant. But would it not be as well to pay a visit to the east end of the town, where one generally can see almost every evening several horses pasturing with their front feet hobbled, one of the cruellest forms of punishment possible?

THE NOON HOUR

Else—"I wonder why they call a man's wife his better half?"

Bob—"Just to keep her from thinking she's the whole thing."

"The kiss of the sun for a paragon. The song of the birds for mirth. You are nearer God's heart in a garden Than anywhere else on earth."

An Internationalist

"What became of your Swedish cook?"

"Oh, she got her fish up and took French leave."—Boston Transcript.

Gus Howe—"You, a Scotchman, and don't play golf?"

Pete McPherson—"Na, na! I used to play, but gave it up eleven years ago."

Gus—"But, Why?"

Pete—"I lost my ball."

Ike Lougheed met Joe Wolstenholme for the first time. "What are you doing, Joe?" he asked.

"Plant manager for the West Canadian Collieries."

"Plant manager! What do you have to do?"

"Water the geraniums."

There were four men in a boat, and they had four cigars, but no matches. How did they light the cigars?

I give up. How did they light the cigars?

Well, they threw one cigar overboard, and that made them a cigar lighter.

Hopeless Case

Teacher—"Write 'I have gone' fifty times. Perhaps that will help you not to use 'I have went'."

When the teacher came back, some time later, she found the following note: "Please, Miss Jones, I have written 'I have gone' fifty times and I have went home."

Mabel was saying her prayers. "And please, God," she petitioned, "make Winnipeg the capital of Newfoundland."

"Why, Mabel!" said her shocked mother, "what made you say that?" Mabel settled herself comfortably in the bed: "Cause I made it that way in my examination."

Gordon Steeves, the local druggist, received a note on Monday morning that had evidently been scribbled in haste. It read: "My baby has eat up its father's parish plaster. Send an anecdote quick by the enclosed girl. (Also send a bottle of O Dick Alone as I am feeling a bit historical."

A well-known Fernieite boarded Saturday morning's westbound train at Blairmore station. At Coleman a lady friend joined him. After passing through the tunnel west of Crows' Nest, he remarked: "I wish I'd known the tunnel was going to be as long as that—I'd have kissed you."

She—"Why—wasn't it you who kissed me?"

Alcoholics

The inebriate stared with fascination into the brightly-lighted window of the auto accessory store. The object of his gaze was a display of skid chains, and in particular a huge placard proclaiming that these chains "prevent skids."

"Humph," he said, "Mush get me shome; don't want any more skids."

An old couple in Scotland, down to their last penny, wrote to their son in America, stating that if he did not help them they would have to go to the poorhouse. Three weeks passed and then came a reply from their son. His letter ran: "Dear Mither and Faither—Just wait another fortnight an' I'll come home an' gang wye."

The Marquis of Lansdowne, governor-general of Canada from 1883 to 1889, died at Newtonnanner, Ireland, on June the 14th, at the age of 82.

BOUNTIES FOR WOLF PELTS

Announcement of the bounties to be paid on wolves killed in the province is made by Hon. Lawton, game commissioner. The highest bounty is \$30, which will be paid for female timber wolves, while male timber wolves will command \$10. Adult prairie wolves taken between April 30th and September 1st will be paid for at \$2 a pelt and each wolf pup taken before July 1st will command \$2. While prairie wolf and wolf pup pelts, upon payment of the bounty, become the property of the provincial government, timber wolf pelts upon which bounty is paid are to be sold through the provincial government fur marketing service and the proceeds, less the selling commission, will be paid to the person receiving the bounty.

Doctors must be in a dilemma to know where to vaccinate today to prevent the marks from showing.

PRISON SENTENCES

London Evening Standard (Ind. Cons.). The fear of the unknown in a prison sentence frequently acts as a deterrent on the weak character hovering on the border of criminality. The shortest sentence will remove this fear forever. It is, therefore, plausibly argued that a short sentence is worse than useless, and, indeed, there is more than mere plausibility in the argument. The mere severity of prison life has but a small effect when it lasts for only a short time. There is no opportunity for any sort of remedial training. The offender goes out into the world not changed at all for the better, but perhaps a little brutalized, having made perceptions, a few more evil connections, and certainly having lost a terror which before did stand like a warning spectre between him and crime.

Miss Nora Picard is home on a visit to her parents.

FISHING SEASON OPENED
IN ALBERTA YESTERDAY

The trout fishing season opened in Alberta yesterday, June 14th.

Most of the small streams in the district are closed, especially those that have been stocked in recent years.

We understand that the penalty for fishing in closed streams has been increased to \$50. An extra force of wardens will be engaged this season and the regulations will be strictly enforced.

MINISTERS TO VISIT
CALGARY OFFICE

The direct service of the government to the people of the southern part of the province through the newly opened provincial government office in Calgary, will be made available by the presence in this office of one of the members of the cabinet each Thursday throughout the season. While it is impossible to state far in advance which minister will be in attendance at Calgary each Thursday, this announcement will be made through the Calgary papers early in each week.

Delegates or individuals wishing to meet a member of the government at the Calgary office may make arrangements by communicating with Edmonton direct or telephoning or calling at the "Office of the Executive Council" to the left on entering the main door of the Land Titles building, Calgary. Phone, Main 9244.

BACKBONE

When you see a fellow mortal,
Without fixed and fearless views;
Hanging on the skirts of others;
Walking in their cast-off shoes;
Bowing low to wealth and favor,
With abject, uncovered head,
Ready to retract or waver,
Willing to be drove or led;
Walk yourself with firmer bearing;
Throw your moral shoulders back;
Show your spine has nerve and marrow—
Just the thing which his must lack.
A stronger word
Was never heard
In sense or tone
Than this, backbone.

When you see a theologian,
Hugging close some ugly creed,
Fearing to reject or question
Dogmas which his priest may read.
Holding back all noble feeling;
Choking down each manly view;
Caring none for forms and symbols
Than to know the Good and True;
Walk yourself with firmer bearing;
Throw your moral shoulders back;
Show your spine has nerve and marrow—
Just the thing which his must lack.
A stronger word
Was never heard
In sense or tone
Than this, backbone.

When you see a politician,
Crawling through contracted holes;
Begging for some fat position.
In the ring or at the polls;
With no sterling manhood in him;
Nothing stable, broad or sound;
Destitute of pluck or ballast;
Double-sided all around;
Walk yourself with firmer bearing;
Throw your moral shoulders back;
Show your spine has nerve and marrow—
Just the thing which his must lack.
A stronger word
Was never heard
In sense or tone
Than this, "Backbone."

Mr. Gordon Steeves left by Tuesday morning's local for Calgary, where on Saturday he will be united in matrimony to Miss Lillian Baker. Upon his return, Mr. and Mrs. Steeves will take up residence in the Greenhill Apartments.

Doral Pilling, a 20-year-old Cardston lad, is the champion javelin thrower of the United States. He copied the laurels at the National Inter-Collegiate meet held at Chicago last Thursday, throwing the javelin 99 feet 8 inches.

THE PASS FIFTEEN YEARS AGO

(The Blaimore Enterprise, 1912)
May 9.—Today, thirty-two students of McGill University accompanied by Dr. J. B. Porter, professor in mining and engineering, and the assistant professor in geology and mining, leave Montreal for Cobalt and the West, to visit mines, mills, water-powers, etc. In the west they will visit Lethbridge, Bellevue, Frank, Blaimore, Coleman, Moyle, Riensel, Nelson, Rossland, Trail, Phoenix and Greenwood. They will make a considerable stop at Frank to examine Turtle Mountain and the slide.

New towns are springing up around us with great rapidity, and one is almost led to say that "Towns, like mushrooms, grow up in the night." The latest town to be added to the already long chain of well established and active communities in The Pass is to be known as York Creek, where a prosperous mine of the International Coal & Coke Company is being developed. The new townsite has been purchased by the Majestic Realty Co. of Calgary, and is being surveyed by Mr. Ponton, of the firm of Harrison & Ponton.

The case of the Crown versus Lee Tuck and Long Tan, for alleged perjury, was postponed to Thursday next. We understand that Mr. P. J. Nolan, of Calgary, has been retained by the accused.

C. B. Bartlett, who has been a resident of Blaimore for the past two years, left on Monday evening for

Just as we go to press the preliminary hearing of Lee Tuck and Long Tan concluded at the local police barracks before Justice Pinkney and the pair have been sent up for trial at the next sitting of the criminal assizes at Macleod. Mr. P. J. Nolan appeared for the Chinese and Inspector Belcher acted as attorney for the Crown.

Bob Patterson is on a visit to British Columbia.

The many friends of F. S. McCall will be glad to learn that he has successfully passed his exams for B.A. at the Alberta University.

May 16.—The Crows' Nest Pass Electric Railway Co. are busy with plans for the building of their road through The Pass. Capt. Beebe, managing director, states that they will have the line completed and in operation between Frank and Coleman by the end of the year.

The miners of Bellevue are out on strike against the new methods of mining being introduced by the new management.

At Monday night's meeting of the council, a communication from the Trusts & Guarantee Co. stated that they were prepared to pay back to the town the amount of costs incurred in connection with the burial of Federico Calabrese, \$42.00. The offer was accepted.

Stanley Boyle arrived in town from Parkland on Monday to relieve the C.P.R. agent, G. A. Passmore, who will take his annual vacation.

Harry Smith, who during the past six years has held the position of checkweighman at the International Coal & Coke Co's mine at Coleman, has resigned to take up the position of manager of the Blaimore Brewery. He has moved his family here.

Teacher—"Willie, why do you write 'Bank' with a large B?"
Willie—"Because daddy said a bank was no good unless it had a large capital."

In Japan when the subscriber rings up the exchange the operator may be expected to ask:

"What number does the honorable son of the moon and stars desire?"

"Hohi, two, three."

"Will the honorable person graciously forgive the inadequacy of the insignificant service and permit this humble slave of the wire to inform him that the never-to-be-sufficiently-censured line is busy?"

MORE BUFFALO BEING
MOVED NORTH

The first consignment of a further shipment of 2000 buffalo to be moved this season from the park at Wainwright to the wood buffalo preserve at Fort Smith was expected to leave Edmonton last week. Arrangements have been made at Waterways to transfer the buffalo from the railway to the scows, which will carry them down the river to their new home. Shipping is expected to continue throughout the summer and early fall until the 2000 head have been moved.

The 1927 shipments will bring the total number of buffalo moved to the northern preserve up to over 5000, as 1634 were transferred in 1925 and 2011 in 1926. Plans are under way for an aerial survey to be undertaken soon by the Dominion government of the area in the far north over which the buffalo are roaming.

CITIZENS RAISE FUNDS FOR
ROAD BUILDING PROJECT

What is believed to be an entirely new departure in public road building in British Columbia has just been instituted by the people of White Rock, who have enlisted the moral support of the Automobile Club of British Columbia in a public subscription fund for hard-surfacing a short stretch of road from the Pacific Highway to their famous bathing resort on Puget Sound.

Private citizens, public utilities companies and commercial firms benefiting from the proposed improvements are being approached and are responding, it is gratifying to note with contributions running into three figures. The district council has agreed to appropriate a sum equal to that raised in this manner.

A growing recognition of the economy of hard-surfacing roads; on which traffic conditions demand excessive annual maintenance expenditures is seen by the Automobile Club in the willingness of private firms to contribute substantial sums towards works of purely government nature, especially when large sums are already paid towards that end in gasoline taxes, license fees and various business levies—Revelstoke, B.C., Review.

CAN HAUL COAL TO
TORONTO AT \$5.25 A TON

OTTAWA, June 7.—The inquiry to find the cost to the railways of transporting coal from the mines of Alberta to the consumers in Ontario opened before the board of railway commissioners here today. The order of parliament for this inquiry dates back to February 13, 1926, but the board was engaged much of the intervening time on the general freight rates case and the coal inquiry has accordingly been delayed. When a motion to go ahead with the latter came up early this spring, the railway companies said they would not be able to furnish the figures which the board would require until June 7th, so the inquiry was put over until today, when it was found that coal can be shipped from Alberta to Toronto at \$5.25 a ton.

DOMINION BUTTER GRADING
SERVICE INSTALLED

Butter grading in the province, which in the past has been carried on by the provincial government, will from June 1st, 1927, be handled by the dairy branch of the Dominion department of agriculture, according to an arrangement recently reached. Dominion graders have been stationed in Calgary and Edmonton, and creamery operators will find practically no change in the regulations which have prevailed in the past. The educational as well as the commercial feature of the service will be continued and it is felt that the new move will avoid any over-lapping in this phase of the dairy industry.

Young Wife—"I made this cake all by myself, darling."

Husband—"Splendid! And who helped you to lift it out of the oven?"

ADVICE TO BACHELORS

(Stratford Beacon-Herald)

The Oshawa Reformer, just at the season of the year when marriages are becoming numerous, gives a bit of advice to people getting married. In part the Reformer says:

"Many bachelors are bachelors just because of this fear. Many a man has had his day's work spoiled and perhaps has become a failure in life when he might have been a success, merely because, in the morning he was sent away with a smart and a scowl rather than with a kiss and a smile. Who knows how many good men have been spoiled in this way."

The man on the Reformer has probably had an invitation to a wedding. He's been out looking over pink pickle dishes, crust stands, and such, and has returned to the office, unable to make a decision. In that mood he has written:

He's wrong all through, yes, sir, right from the top of his head to the bottom of his five feet.

Instead of writing such stuff he should have been spending his time thinking of some bright witty thing to say at the wedding, something that would cause people to point to him on the street next day and remark that he was just the life of the party.

Imagine sobbing about men who are spoiled because they get run out of the house in the morning instead of being cuddled and kissed prior to departure.

What under the sun does he want? What does he suggest? Would he have a spell of billing and cooing over a dish of mush, and a series of embraces thrown into a rasher of bacon and eggs, and a little pecking party while the husband was trying to drink hot coffee out of a saucer? Bah! One more, bah!

The average man gets up in a hurry in the morning. He's got about twelve minutes to shave, wash, dress and make himself presentable. By the time he lands down stairs he's got one eye hitched to the kitchen clock and the other on the side door.

What he wants then, craves for and admires, is a wife who can fit in with his desires for a little speed. She's got to get a certain number of calories in food values packed into him to keep his body and soul on good terms until dinner time. That's her business and she's entitled to be as just as short and business-like about it as she chooses.

Men spoiled by snappy wives—bah! Men hesitate to get married for fear of finding out that the sweet violet might turn out to be a burdock—bah!

It's a wonder the married women at Oshawa don't go down to the Reformer office and stick an old hat pin into the editor.

It was at the seaside and Sandy had just stretched himself on the beach when Mac came up.

"Will ye come for a sail, Sandy?" he asked.

"No, I've just had a guid dinner for seventy-five cents and I'm no takin' the risk."

Another Scotch One

A Scotchman was sitting by the bedside of his dying wife. On the table at the end of the bed stood a lighted candle. He sat in silence for some time until at length the door-bell rang.

"Jennie," he said, "I've got to go and answer the door. Do you hear me?"

The poor wife nodded freely. "I'll be gone but a few minutes," he said, rising, "but in the meantime if you feel yourself slipping, blow out the candle."

A spinster encountered some boys in the old swimming hole, minus everything but nature's garb, and was horrified.

"Isn't it against the law to bathe without suits on, little boys?"

"Yes'm," announced freckled Johnny, "but Jimmy's father is a policeman, so you can come on in."

Mrs. H. Gibean is able to be around, after several weeks' confinement to her home.

Boy (top bunk).—"Are ye looking for a be' meeter?"

Mackenzie—"Aye, has ye found one?"

Boy—"I have."

Mackenzie—"What mak' o' be' is it?"

Boy—"Ah! Ye gotta say fir-est!"

Two chance acquaintances from Ireland were talking together. "An' so your name is Riley," said one. "Are ye related to Tim?"

"Very distantly," said the other. "O' was me mother's first child and Tim was the tenth."

We overheard the following conversation the other day:

"I understand your wife thought of taking up law before she married you?"

"That's so," answered the other, "but now she's content to lay it down!"

Mr. and Mrs. William Bird, of Regina, are visiting here for a few days.

Canada's Diamond Jubilee

Only once in the history of any nation does the opportunity come to its people to celebrate the diamond jubilee of its founding. Canadians will enjoy that opportunity on July 1st next, and it is gratifying to note that the celebration will be well nigh universal from coast to coast. Canadians, no doubt, would have with equal zest and enthusiasm celebrated the fiftieth anniversary of Confederation but for the fact that in 1917 they were engaged in a life and death struggle in which the very existence of Canada was at stake. The victory won through the great sacrifices then made should add to the gratitude and pride of our people in this year of the Diamond Jubilee.

Children today may have the opportunity of celebrating one hundred years of Confederation, but our adult population will not, and to those who actually witnessed the inauguration of this young nation, and those who have taken part in its earlier development, will no doubt throw themselves wholeheartedly into the ceremonies which will commemorate this historic event.

It is the repeatedly expressed desire of the National Committee created by Parliament to promote this Diamond Jubilee celebration that it should be participated in by all the people, old and young, in small hamlets and rural districts as well as in the larger centres of population. It is the spirit of the ceremonies rather than in their elaborate character that their real significance and value will be found.

The National Committee has, therefore, urged that there be at least one simple little ceremony everywhere at the same hour, and have suggested that, at twelve o'clock noon on July 1st, in every community however small, bells should be rung, whistles blown, and the two national anthems "God Save the King" and "O Canada" sung. And again, that at 2:30 o'clock on the afternoon of Sunday, July 3rd, a community service of general Thanksgiving be held. For this latter service the National Committee is preparing a simple programme of exercises suitable for all communities.

These are suggestions which can readily be carried out in all communities, and it is to be hoped that the people of the Dominion will accept the lead of their National Committee and untidely co-operate with it in giving effect to these suggestions. They need in no way interfere with the larger and more elaborate programmes being arranged in most cities, towns and villages.

It is further suggested that a tree be planted in every community with fitting ceremonies to be hereafter cared for and known as the Diamond Jubilee Confederation Tree. This, too, offers no obstacle on the score of expense to any community. Not only can such a tree be planted in some public place in all urban communities, but there would appear to be no reason why a Confederation Tree should not be given a place of honor in the grounds of every rural school throughout the length and breadth of the Dominion.

As a further marking of Canada's sixtieth birthday anniversary it is proposed that some public park or place in every community be named "Canada Place" or "Canada Square." If all such places already bear names, then one of the designations of which has no special significance, might be renamed in accordance with this suggestion.

Every child enrolled in a public, separate or private school in Canada in this Jubilee year is to receive a medal struck in the Royal Mint at Ottawa, the gift of the National Committee. The presentation of these medals to the pupils offers a splendid opportunity to school district officials to plan a little ceremony at which a short talk on what Confederation has meant and achieved for Canada could be given, and the boys and girls of today urged to render loyalty and devotion to Canada and dedicate their lives in service to their country.

Like most people living in northern climes, Canadians are not much given to showing their feelings. Their patriotism is something they do not talk about to any extent, and they are seemingly averse to display. But this Diamond Jubilee is one occasion on which the people of Canada may well unbend a little, display their flag with pride, shout and cheer. It will do them good, and especially should the children be encouraged to regard Dominion Day, 1927, as a red letter day in their young lives, and celebrate it accordingly.

A Country of Centenaries

Spain Has Large Number of Persons Over Hundred Years Old

Spain is the land of centenarians. The latest official census states that 351 persons (ninety-six men and 255 women) have reached the age 100; seventy-five men and 204 women are more than 100 years old, and a number have reached 110 years.

There are 22,150 men and 36,294 women more than eighty years old. It will be seen that women are longer lived than men. Even Madrid, which has the reputation of being unhealthy, has twenty-two women and eleven men who are more than 100 years old.

We might enjoy work more if we did not have to do it.

Babies Cry For "Castoria"

Prepared Especially for Infants and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years as a pleasant, harmless substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrup. Contains no narcotics. Proven directions are with package. Physicians everywhere recommend it.

Fish By-Products

Map Showing Location of Plants in B.C. Has Been Issued

The Natural Resources Intelligence Service, in co-operation with the Department of Marine and Fisheries, has issued a map showing the location of all the Fish By-Product reduction plants now installed in British Columbia with the names of the operating firms.

The chief fishing areas are also clearly defined and it can be seen at a glance in which of these there are many, few or no reduction plants, and where there appears to be room for further enterprise in this line.

At the present time there are 28 plants in operation, which produce oil, meal and fertilizer from salmon, herring and other off-shore fish, herring, dogfish and whales. The Canadian National Railways are erecting oil tanks of 300,000 gallon capacity, and the Canadian Pacific Railway is fitting a coast-wide steamer with a 170,000 gallon tank. There is a large demand for these fish by-products, which can be shipped direct from British Columbia ports to Europe and Asia.

Nine days constituted the reign of one English queen. She was Lady Jane Grey, grandniece of Henry VIII, and was executed on a scaffold in the Tower of London in 1554.

The average man is about as awkward at loavesmaking as he would be at cutting fresh bread.

A common Italian salutation in the morning is, "God give you a good day."

Wins Prize in England

Tobacco From Canadian Farms Awarded Medal for "Outstanding Excellence"

Canadian tobacco has been awarded a silver medal for the "outstanding excellence" of leaf tobacco shown at the International Tobacco exhibition held at Olympia, London, in May, according to an announcement made by the Department of Agriculture.

The Canadian exhibit was prepared by the Tobacco Division of the Central Experimental Farm, Ottawa, in competition with South Africa, Colombia, Italy, Greece and Macedonia. Canadian tobacco exports totaled in 1926 and the value of the leaf sent to Great Britain alone totalled over \$2,000,000.

2 Years' Backache Subdued by "Nerviline"

"Backache was the bane of my life, and for two years I was so lame I was unfit for work," writes J. E. Sloan, from Georgetown. "While in Smith Bros' Drug Store, I heard of Nerviline. Thanks to Nerviline, my two years' backache was rubbed away, and today I am perfectly well." All those who suffer from weak, aching backs, those whose muscles are stiff, whose joints are swollen, let them try Nerviline! The infirmity that never fails. 35c at all dealers.

Agreement Has Expired

Railway Assisted Many Alberta Farmers to Move From Dry Area

Free movement of farmers and their goods from the drier areas in southern Alberta to new locations elsewhere in the province stopped at the end of May when the agreement between the government and the railways expired. During the past season to the end of April a total of 688 families with 935 cars of stock and effects have been removed under this arrangement. The majority of settlers thus changing their locations have gone to the farming country along the foothills from the Lethbridge district to as far north as Grande Prairie.

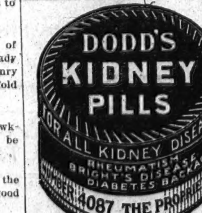

WOMEN WHO ARE WEAK

Gain New Vitality by Building Up the Blood

There are many women who pass their days in a constant state of weakness. They have barely sufficient energy to enable them to perform their manifold duties. Often they have an aching head, a miserable pain in the back and find it hard to get up in the morning. The whole trouble is due to bloodlessness. No woman need suffer in this way. She can obtain a supply of rich red blood by taking Dr. Williams' Pink Pills. "The Poor Blood" Pink Pills. They rapidly build up the system; head aches and backaches disappear; the nervous system and the joy of living is felt once more.

Proof of these statements is given by Mrs. Ed. Langan, Stone Point, Ont., who says:—"For a long time I had been in a very miserable condition, always feeling tired out, weak and nervous. The least work about the house would leave me helplessly tired and nothing that I did seemed to give me good, we moved to town, but, contrary to expectation, instead of getting better I was growing steadily weaker. One day while talking to a neighbor, she urged my taking Dr. Williams' Pink Pills, telling me that her daughter had been in a condition much like mine. This persuaded me to try the medicine, and I have such reason to be grateful that I followed her advice. After the use of a few boxes of the pills, the weakness could be no doubt that they were helping me, and as I continued their use my health and strength came back and now I am doing all my own work and feeling in the best of health. For this splendid condition, I must give my thanks to Dr. Williams' Pink Pills." "The pills are sold by all druggists, or you can get them by mail at a box from The Dr. Williams' Medicine Co., Brockville, Ont."

Origin of "Vaudeville" Vaudeville originally meant a light, song, but it is now used as meaning a light kind of play introducing a number of songs. The word is derived from Vau-de-Vire, the name of two valleys in Normandy, where, in the fifteenth century, a French poet composed songs that became popular and were called Vaux-de-Vire, after the valleys.

Many Prizes For Aviators

More Than \$100,000 Offered for Five Long Air Races

With prizes totalling more than \$100,000 offered for long distance flights over continent and ocean, adventurous aviators may now choose from at least five events of the kind during the next few months.

To date, the prize offers and proposed flights are: \$25,000 offered by James Doyle, of Honolulu, for a non-stop flight from the Pacific Coast to Honolulu—\$25,000 offered by the first and \$10,000 for the second aviator to make the hop. \$25,000 offered by William K. East, Brownwood, Dallas, Texas, capitalist, for the first to fly from Dallas to Hong Kong, 10,000 miles.

\$25,000 offered by the business men of Spokane, Wash., for a series of races between New York and Spokane. This race is sponsored by the National Aeronautic Association. \$50,000 by Sid Grauman, Hollywood, Calif., for the first to fly from Los Angeles to Tokyo, 5,000 miles. \$3,500 by Spokane interests for a race from San Francisco to Spokane.

Miller's Worm Powders are complete in themselves. They not only drive worms from the system, but repair the damage that worms cause and so invigorate the constitution that it speeds recovery from the disorders of the digestion that are the result of the work of these parasitic creatures. They do their work thoroughly and strength and soundness follow their use.

New Coins For Free State

Design Proposed Tells Modern Ireland's Story in Sequence

Almost the entire barnyard is represented in the obverse proposed for the new coins for the Irish Free State. The battle over designs for the new coinage has been won by the protagonists of emblems illustrating Erin's prestige as a horse-breeding and agricultural country.

The designs submitted include the horse, the bull, the fish and other Irish products, a series of eight designs, telling modern Ireland's story in sequence. It is highly probable that the reverse will display the harp, the national emblem. The issue is expected before Christmas.

New Branch Line

Work Started on New C.N.R. Line Between Weyburn and Radville

Construction work on a new line between Weyburn and Radville, 22 miles long, today is under way and will be completed before November 3.

The contractors are: Heit, Shild and Bryson of Winnipeg. To accomplish the building of the line as rapidly as possible, the contractors have three gangs working. The first started grading at Weyburn and is working in a south-westerly direction; the second is working in a north-easterly direction from Radville, and the third gang started grading work 11 miles southwest of Weyburn and is working to meet the other two gangs.

No Rest With Asthma. Asthma usually attacks at night, the one time when rest is needed most. Hence the loss of sleep, the nervous debility, the loss of flesh and other evils which must be expected unless relief is secured. Fortunately relief is possible. Dr. J. D. Kellogg's Asthma Remedy has proved its merits through years of service. A trial will surely convince you.

The Air Mail Problem

The experimental post office connection with the post office department's air mail programme will likely be delayed until the early fall, according to latest advice. It has been decided not to call for tenders for any definite mail route at the present time. But late this summer the Royal Canadian Air Force will undertake some experimental work in the Gulf of St. Lawrence and will carry on into the winter months. The intention is to secure accurate information, varying flying conditions before any contracts are entered into with private concerns.

Campers—Take Minard's with you.

Loss Ran Into Millions

Forest Fires in Canada Last Year Were Costly

The forest fire situation in Canada during 1926 was again a very serious one. There were marked contrasts in the forest conditions between the East and the West and consequently wide differences in the total fire losses in the two parts of the Dominion. In Eastern Canada both the spring and fall were cool and rainy so that new low records for forest fire losses were established. A mid-summer period of fire hazard occurred in the East generally but it passed without any great damage being done. In Western Canada, 1926 closely followed the two previous years, both in the intensity of the hazard and in the fire losses. Danger conditions continued, generally, throughout the season and the scant precipitation afforded little relief from early spring to late fall.

According to figures prepared in the Forest Service of the Department of the Interior, there were 5,529 forest fires in Canada last year which burned over a total area of 1,242,015 acres. The total gross damage and loss is estimated at \$7,465,343.

Air Not Yet Conquered

Casualties in Long Flights Greater Than Successes

Since Lindbergh winged his way through hail and fog and night to Paris, men have begun to talk about flying to Honolulu, to Australia, and to Japan. It is quite possible that, in time, such feats may be accomplished, but to conclude that they are going to be accomplished as a matter of course is to fly into the face of experience. Lindbergh, with extraordinary luck as well as skill, got to Paris. But in the meantime Plaine fell into the ocean near the Azores. Lieutenant Gurn and Gillman, flying from England to India fell into the Persian Gulf. And Nungesser and Galt, flying across the Atlantic disappeared.

That is a price in casualties which ought at least to qualify some of the easy optimism about over-the-ocean flights.

Chief of Western Customs

J. W. Kempton, of Yorkton Receives Appointment

Joseph William Kempton, of Yorkton, Sask., has been appointed divisional chief of the customs and excise preventive service for the western district, which includes the provinces of Saskatchewan, Alberta and Manitoba. Announcement of this effect was made by Hon. W. D. Laflair, federal minister of the department of national revenue.

Mr. Kempton is a former officer of the Royal Canadian Mounted Police and his varied experiences in this connection gives him a wide knowledge of the western stretches of the Dominion. He is to assume his new duties at once at headquarters at Winnipeg.

This completes the list of appointments of divisional chiefs of the reorganized preventive service for the seven districts of Canada.

Would Speed Up Mail

Air Service for Incoming Mail From Britain Is Planned

Arrangements have practically been completed with the British authorities to have Canadian mail sent on the other side so that it can be taken by plane at Pader Path and distributed to Quebec, Montreal, Ottawa and Toronto, according to the postmaster-general. The service will be tried out in September, he announced, and that the department was working on plans for the establishment of an air mail service to the Magdalen Islands.

Ceylon, for its beauty and richness, has been called "the Gem of the Eastern Seas." Modern legends say Ceylon was the "Paradise" from which Adam and Eve were driven.

Hugo Frick lost his wife and his automobile. The latter was recovered. "Never mind looking for the wife," he told police. "She wasn't much of a wife, but I'd hate to lose that car."

Any man who does you an ill turn will never forgive you for it.

Why Firestone Tires Are Better

One of the outstanding developments by Firestone Engineers is the Gum-Dipping process which impregnates and insulates every fibre of every cord with rubber—adding strength to the cords and reducing internal friction, and hence so destructive to tire life.

The Firestone Dealer in your locality will gladly explain to you the extra value of Gum-Dipping. He is prepared to demonstrate how the cords of the carcass are saturated in a rubber which makes motoring more economical with added comfort and safety.

A Remarkable Picture

Canvas 138 Feet Long Depicts Coronation Procession of 1911

A remarkable picture, 138 feet long, has been painted by a prominent artist in the Queen's Dolls' House Room, at Windsor Castle. It depicts the Coronation Procession of 1911. Over 300 horses and 2,000 men are seen in the drawing, which is to the same scale as the Doll's House. Beginning at the door of the room the painting shows the fine white horse which headed the procession, followed by detachments of troops, the Royal Coach drawn by the eight famous cream, the distinguished guests and the remainder of the Sovereign's escort.

Too Undignified for City

Mexico's best of burles, the burro, has been barred from the streets of Mexico City. The patient, picturesque little animals, which for centuries have packed cargoes of country produce to the markets, now, later, for with motor traffic, and, according to an official order just issued, give an "undignified aspect to a civilized city."

For Sprains and Bruises.—There is nothing better for sprains and contusions than Dr. Thomas' Eucalypti. It will reduce the swelling that follows a sprain will cool the inflamed flesh and draw the pain. It will take the ache out of a bruise, by counteracting the inflammation. A trial will convince any who doubt its power.

The annual loss of timber at present suffered by Canada's forests through the agencies of fire, insects, and disease is greater than the amount annually used for all industrial purposes.

UNIVERSITY OF MANITOBA WINNIPEG

Offers, among others, the following Courses:

Through its FACULTY OF ARTS AND SCIENCE courses leading to the degrees of B.A. and M.A.; and B.Sc. including B.Sc. (Phy.) and M.Sc. SPENCE, Registrar, University of Manitoba, Winnipeg.

Cuticura Preparations

Unexcelled in purity, they are regarded by millions as unrivaled in the promotion of skin and hair health. The purifying, antiseptic, and soothing properties of Cuticura Soap invigorate and preserve the skin; the Ointment soothes and heals rashes and eruptions. The freely-lathering Shaving Cream causes no irritation, but leaves the skin fresh and smooth. The Talcum is fragrant and refreshing.

Sample Book Free by Mail. Address: Canadian Agents, "Shastown," 112, Main Street, Montreal, P.Q. Cuticura Shaving Cream 25c.

CANADA IS IN SOUND POSITION SAYS HON. ROBB

Ottawa.—There are many better risks than a Dominion of Canada bond, endorsed as it is by all the people of Canada, asked Hon. J. A. Robb, Minister of Finance, addressing the Investment Bankers' Association in convention here.

"Government is simply co-operation on a large scale, with the strength of the Government tested by the wealth and prosperity of its citizens," declared Mr. Robb. "To such tests Canada has repeatedly submitted itself during the past 12 years. Nobly have Canadians stood the test; Canadian business men are respected everywhere, their word as good as their bond; Dominion bonds are now over par; the Canadian dollar is par and better; Canadian credit at home and abroad was never better, while Canadian products, raw and manufactured, are in steadily increasing proportion sold in the market places of the world."

Advocating the "northward" extension of Canadian frontiers, Mr. Robb declared: "Often I stand before the map of Canada and look at that narrow belt of civilization which stretches from coast to coast. It is not the length, but the narrowness that is our problem. It is like an elastic belt—in stretching it we narrowed down the width—but having reached the geographical limits it is high time for us to broaden out and gain balance of our national divisions."

"By consolidation I do not mean the shifting of groups from one province to another, but rather the pushing of our frontiers into the North, bringing to the use of man more diversification in production, so that no section will have, as the saying goes, 'all its eggs in the one basket.' Success in this respect will develop industry in common and encourage willingness to come to reasonable and fair relations of problems which from time to time arise. In this great work your activities are playing an important part."

Continuing, Mr. Robb stated that "we of the year 1927 do not own the natural resources of this country, we are simply trustees for future generations, and indiscriminate slaughtering of trees or stripping of mineral veins, when these are yearly growing more valuable, may be bad investments from the national viewpoint."

"Projects touching the exploitation of our natural resources should not be considered simply as schemes which will produce immediate profits. I do not object to putting our natural resources to their best use, but submit that provision should be made for replacement wherever possible and that the practical need of Canada—not of other countries—at this moment should determine our policy."

Ontario Farmers Are

Supporting Wheat Pool

Campan Meeting With Success and Many Contracts Signed

Chatham.—The campaign for members to the Ontario Wheat Pool is meeting with success, in the neighborhood of 1,500 farmers of Kent county having already signed contracts, according to J. S. Jeffrey, manager of the grain department of the United Farmers' Co-operative Society.

"We have already approximately 7,000 farmers signed up in Essex, Kent, Lambton, Elgin, Middlesex, South Perth, Huron, Bruce and Simcoe counties," he said.

Arrangements have been made with practically all the elevators in the country to handle pool wheat, according to Mr. Jeffrey.

Want Funds for Relief Work

Vancouver.—Relief of cases of distress among war veterans and their families is the purpose to which the organized ex-service men of British Columbia with the \$250,000 canteen fund allotment for this province to be put which a committee has been deputed, according to a committee representative of the Canadian Legion, the Army and Navy Veterans' Association adopted.

Amundsen Sails for Orient

Vancouver.—Captain Roald Amundsen would renowned explorer and the only man in the world to have reached the two poles, is a passenger on the Empress of Asia, leaving on her 70th voyage west to the Orient. Captain Amundsen, who flew over the North Pole and reached the Pole on his famous expedition, is booked for Yokohama.

W. N. U. 1925

Premier Brownlee Going to England

Will Inquire into Establishment of Agency in London

Edmonton, Alta.—Premier Brownlee expects to leave on a trip to England towards the end of this month. He has been considering the "possibility of such a trip for some time past. It will be only in part a holiday, however, for he has a full program of things that he proposes doing over there for and in behalf of the Province of Alberta.

A first-hand check-up on the immigration work now being carried on by Hon. Herbert Greenfield and an inquiry into the possibilities of a general agency office in London will be one of the main purposes of the trip. The Premier will discuss the situation with various interested parties and organizations, and will not for himself what is the feeling in England towards close relations with Alberta. In view of the improved position of the province he will also sound out the attitude of British industry and capital in the same direction, particularly in the hope of interesting further investment in the western Canadian field.

Another item on the Premier's program will be an inquiry into the question of marketing Alberta products in England. In this respect he will be working in line with the Saskatchewan Government, which has already sent a commission to the motherland to investigate the conditions and prospects of the livestock and bacon trade, while Manitoba also is considering a similar step. So far as Alberta is concerned the inquiry in addition will bear largely on wheat marketing about which Mr. Brownlee will ask a lot of questions during the trip. The Premier is now making arrangements to get away and hopes to sail some time in the last week of June.

Abandons Quest in Arctic

Wilkins Believes Further Flights This Summer Would Be Foolish

Fairbanks, Alaska.—For this year at least Captain George H. Wilkins has abandoned his attempt to wrest from the uncharted Arctic the mystery of its "blind spot." With the coming of the fog which hang low over the Arctic Ocean, and the summer, Captain Wilkins believes that further flights North of Alaska this summer would be foolhardy. Returning to Fairbanks from Point Barrow, the Northern base of the expedition, the Australian explorer and the other members of his party left for the United States.

The explorer has made three flights North of Alaska in an effort to prove or disprove the theory that there are islands between Point Barrow and the North Pole.

The second air voyage into the Arctic was made two months ago and nearly ended in disaster when the plane was forced down with engine trouble on the ice pack.

Wilkins and Ben Ellison, Alaskan pilot, walked 80 miles over the ice to land.

Starting from Point Barrow, Wilkins and Alger Graham, Detroit pilot, averaged the third flight June 4.

The new 200 miles between Greenland were forced by dense fogs, to return.

Want Peace Treaty

Washington.—An informal inquiry as to the willingness of the Washington Government to begin negotiations for a treaty of perpetual peace between France and the United States has been placed before the state department by Foreign Minister Briand.

The inquiry is in the hands of Secretary Kellogg, who is expected to answer it within a week.

New Pacific Cable

Victoria.—The freighter Drechtyk has commenced to unload 70 tons of cable which will form the last link in the new cable that connects up Canada with Australia and New Zealand. The line when completed will double the capacity of the cable business between the units of the British Empire.

A Long Auto Trip

Los Angeles, Calif.—A 6,700 mile trip in an automobile from the Pacific coast to New York city and back in seven days was completed here by Louis D. Miller, San Francisco business man, who claimed a new record for continuous motor travel and for elapsed time in the trans-continental tour.

Will Be Settled at Geneva

Delorade.—It has been announced that Jugoslavians are willing to thrash out the Albanian difficulty through the League of Nations and there is nothing to indicate undue excitement or a basis for rumor spread abroad of martial law in Belgrade.

Plan Confederation Memorial

Victoria Club Members Will Launch Campaign Shortly

Victoria, B.C.—Erection of a temporary memorial to commemorate the achievement of the fathers of confederation will be the contribution of the Victoria Kinsmen's Club to the diamond jubilee of confederation celebration here next month. The Victoria club will shortly launch a campaign to have erected in the capital city in each Canadian province a permanent memorial to the Fathers of Confederation to be built by the provincial governments with the assistance of the Federal Government.

Arrested on Serious Charge

D'Autremont Brothers Are Taken Into Custody in Ohio

Steubenville, Ohio.—Ray and Roy D'Autremont, wanted in Oregon for the killing of a postoffice clerk and three children in a passenger train held-up four years ago, were arrested by federal agents and local police.

The twin brothers, for whom a world-wide search has been conducted, were working in a steel mill here. Both admitted their identity "when confronted by officers."

The brothers are accused of dynamiting a passenger train in a mail hold-up at Siskiyou, Oregon, in 1923.

WILL CONTINUE NEGOTIATIONS ON BORDER RULING

Washington.—Ample protection to all Canadians whatever their birthplace who have been in the habit of commuting across the international border to daily employment is asked of the United States in a note from the Canadian Government. The note is in reply to a recent note from the United States on border immigration regulations.

Hon. Vincent Massey, Canadian minister, delivered the note to Frank B. Kellogg, Secretary of State. Comment from the state department will be withheld until officials have considered the Canadian communication more fully.

The note approves the offer of Mr. Kellogg to continue negotiations on border immigration and expressed the hope that a satisfactory settlement will be reached but regrets that the United States Government did not see its way clear to amend the border ruling on April 1, which went into effect June 1 and which gives non-active Canadians six months in which to secure entry as immigrants under the quota law.

It points out that there is no precedent for the application of the term "immigrant" to citizens legally domiciled in another country and retaining their citizenship in that country.

The Jay Treaty of 1794 is quoted to illustrate the broad principle of border intercourse "to promote a disposition favorable to friendship and good neighborhood," and the note points out that the laws of Canada make no distinction between its citizens on the strength of birth place any more than do the laws of the United States distinguish between native and naturalized citizens.

Thousand Square Miles of Blossoms

Nova Scotia's festival time is fast approaching, when a thousand square miles of one of the world-famous apple growing valleys will be smothered in bloom. One of the significant days in this province is "Bloom Sunday," when people go by thousands to the Annapolis Valley to look upon the white and pink tabernacles of fragrant blossoms. The journey over the Dominion and Atlantic Railway at this time of year affords a trip long to be remembered, as the line passes through the very heart of the apple country. They cover more than 1,000 square miles of the province.

Two million barrels of apples were produced in Nova Scotia last year and some idea of the even greater future for this industry can be gathered from the fact that only about one-third of the land suitable for orchards is under cultivation at the present time. It is the native apple valley to the foreign markets and the industry constitutes one of the leading sources of wealth for the Province of Nova Scotia.

ASSASSINATION OF SOVIET ENVOY TO BE PROBED

Warsaw.—The Polish authorities have taken drastic steps to determine whether the assassination of Peter Volkoff, Soviet envoy at Warsaw, was part of a Russian Monarchist plot. Volkoff's assassin was a young Russian student studying at Vilna. The Polish police conducted searches and made arrests among the Monarchist colonies in both Warsaw and Vilna, five arrests at the capital and 29 at Vilna.

A Russian newspaper Vilna Vala Rossa, which issued a special edition recommending subscriptions for the murderer, was promptly suppressed and the editor arrested.

The Polish Government is doing everything possible, it is announced, to fulfill the requirements of justice, and has accepted to the Soviet demand for participation in the investigation, the Polish law permitting such a course.

Mr. Litvinoff's sharp note has made a painful impression in Polish governmental circles, which deplore the tragedy and regard it as an internal Russian affair which accidentally happened in Poland, for which Poland has no moral responsibility. It is believed the Soviet Union will be satisfied with nothing less than the death penalty of the assassin, but it is not expected the tragedy will seriously impair relations between the two countries.

Socialist Mayor Ignored

No Invitation for Plymouth's Chief Magistrate When Prince Visits Town

London.—The Prince of Wales has arranged to make a tour of Cornwall and Devonshire for several days, and in connection therewith some resentment is felt because those in charge of the Royal Western Yacht Club's proposed dance in Plymouth, Devonshire, have not invited Mayor J. J. Hamlyn Moses, Plymouth's first Socialist chief magistrate, to the dance. The town clerk and other members of the Plymouth council have been invited.

"I am too big to mind, personally," Mayor Moses said, "but it is the town that matters. It is regrettable that any such spirit of embitterment should be allowed to creep in and injure a function like this."

Western Graduates

Toronto.—The Senate of the University of Toronto has announced the award of fellowships in the school of graduate studies for the session of 1927-28, including the following westerners: Mackenzie Fellowships—J. R. A. Pollard, Saskatchewan, department of history. Special open fellowships—J. Caspar, Alberta, department of classics; D. E. Calvert, British Columbia, department of English; L. S. Russell, Alberta, department of geology.

Sending Delegation to Germany

London.—The British Legion of the Empire Service League has decided to send a delegation to the International conference of ex-service men at Luxembourg in July. German ex-service men will also attend.

Bay Ports Inquiry

Some Misapprehension Felt in West Over Investigation

Ottawa.—Carrying out the Hudson's Bay Railway project is being accomplished with some difficulty although it will be done, there is no doubt about that.

For years in the East, the scheme has been opposed, one leading paper referring to it persistently as a "fantastic mirage." Parliament, until this session, was either antagonistic or apathetic but Hon. C. A. Dunnington then succeeded in getting through, with comparative ease, the appropriation that commits the Government to the completion of the line.

Now, when matters have been pretty well squared away in the East, criticism comes from parts of the West because the majority of Churchill as well as Nelson are to be looked into.

As has been pointed out, the decision to investigate Churchill does not portend its selection as the terminal. As a major project, it is learned that the proposal of inquiring into Churchill came from the British expert, Frederick Palmer. He urged that to be complete his report should cover both places and that in any case, his remuneration would be the same. "That, really, is all there is to it. Heretofore, Nelson alone has been considered. Now, Churchill also will be looked over and detailed data secured as to both locations. The wider inquiry, however, does not indicate the choice of Churchill but at the same time it will not exclude it as a possibility if it be found that its advantages exceed those of Port Nelson.

Appointed By Lincoln

Aged Resident of St. Cloud, Minn., Was New Seed Pioneer

St. Cloud, Minn.—Charles A. Gilman, 94 years old, former Lieutenant-governor of Minnesota, and one of the few pioneers of the northwest, who received appointment to public office from Abraham Lincoln, died here recently from old age. Mr. Gilman, who had resided here for 72 years, was appointed receiver of the United States land office in 1861 by President Lincoln, and was re-appointed in 1865 by President Andrew Johnson. He served as Lieutenant-governor from 1881 to 1885. Four daughters and a son survive.

Plea for Tolerance

Hon. Peter Heenrich Critiques Those Who Sow Seeds of Discord

Ottawa.—Hon. Peter Heenrich, Minister of Labor, would have a message of tolerance and co-operation broadcast throughout the Dominions as Canada's jubilee confederation message, he said to the members of a local service club.

He was severely critical of those who sowed seeds of discord and discontent in religious or social matters. Referring to the cry of Communists that labor was ill-treated in this country, the speaker said more had been done in behalf of the workers within the past ten years than in the previous half century.

NAME DELEGATES FOR BRITAIN TO NAVAL PARLEY

Washington.—Names of delegates who will represent Great Britain and her Dominions at the Geneva three-power naval limitations conference have been submitted to the state department by the British embassy and the Canadian and Irish legations.

Viscount Cecil, who for years has represented Great Britain in disarmament conferences in Europe, will head the delegation, assisted by W. C. Bridgeman, First Lord of the Admiralty, who will also represent India, and Vice-Admiral Sir S. L. Field, deputy chief of the naval staff.

Canada will be represented by Hon. Ernest Lapointe, the Minister of Justice. In the event that he fails to arrive in Geneva by June 20, the opening date of the conference, Canada will be represented by her permanent agent there, Dr. W. W. Riddell.

J. S. Smith, high commissioner for the Union of South Africa in London, and C. Peniar, trade commissioner for Europe will speak for the Union, while Sir J. Cook, High Commissioner in London, will represent Australia.

New Zealand will be represented by J. Parr, London High Commissioner, and Earl Jellicoe, Admiral of the Fleet, First Sea Lord of the Admiralty, and John Crotwell, Attorney-General, will be present.

ALBERTA COAL RATES TO EAST ARE ESTIMATED

Ottawa.—Three widely differing estimates of the cost of transporting Alberta coal to Ontario were before the Board of Railway Commissioners. The estimates were backed by imposing arrays of statistics and the testimony of three prominent rate experts.

R. P. Mallory, C.N.R. expert, represented the estimate prepared for the railway on the "out-of-pocket" cost of transporting the coal from Drumheller to Toronto. His estimate was \$5.95 a ton. This estimate included \$1.37 of revenue which would be lost were American anthracite supplanted by the Alberta product.

George W. Oliver, Chicago, employed by the province of Ontario, presented an estimate of from \$5.25 to \$4.08 a ton between Drumheller and Toronto and an estimate of from \$5.03 to \$5.83 a ton from Edmonton to Toronto.

It was followed by S. W. J. Liddy, C.I.R. statistician, who estimated the cost at \$7.69 a ton from Lethbridge to Toronto and at \$8.31 a ton from Kneehill, Alta. to Toronto.

The testimony further demonstrated that there would be no recession by either C.N.R. or the province from the estimates presented. The testimony of Mr. Mallory clashed with that of Mr. Oliver particularly as to repair costs for cars used in transporting coal and the average load which such cars would carry.

The estimates of these witnesses covered the cost of a movement of 1,000,000 tons over the C.N.R. between the same points.

Mr. Mallory gave a careful survey of the method by which he reached his estimate.

He allowed, he said, for a 3.6 per cent. increased cost due to recent or pending wage adjustments. Mr. Mallory estimated that with shipments of 1,000,000 tons of Alberta coal to Ontario the net operating revenue loss to the railway on shipments of United States coal which would be displaced would total \$1,238,050.

Including a profit on operating cost to provide all income changes and repairs, Mr. Mallory estimated that on the 1,000,000 ton shipment the additional cost to the railway would total \$1,077,561, if surplus or idle grain equipment were used. This would amount, including a fair profit, to \$10.83 a ton. Mr. Mallory estimated that "out-of-pocket" cost of transporting Alberta coal would be \$8.96 a ton. Mr. Mallory's estimate of a fair profit was figured at a rate of 5 1/2 per cent. on a 70 per cent. operating ratio, which resulted in a figure of \$3.18 per ton.

Bisley Team Has Sailed

Montreal.—The Canadian Bisley team sailed on the S.S. Ausonia from Montreal on June 10. The team will be in command of Brig-General J. Duff Stuart, of Vancouver, with Major Thomas McManus, Belleville, Ont., as adjutant. In addition to the regular team there will be present a team of cadets from the Hamilton Collegiate Institute, who are also going to Bisley to take part in the prize meet.

New Mining Company for B.C.

Victoria.—With \$10,000,000 cash, C. C. Julian, noted California oil operator, formally entered into the British Columbia business and development field with a large scale. The formal part was completed at the Parliament buildings when Julian was granted incorporation papers under B.C. laws to operate in this province under the name of The New Monte Cristo Mining Co., with a capital of \$10,000,000.

Spent Weeks in Peruvian Wilds

Toronto.—After weeks of terror in the Peruvian wilderness, Robert Hurra, electrical engineer who was first reported missing and then dead in the remote interior South America, has returned safely to his home town, Toronto. Circumstances compelled him to live two weeks with a tribe of Inca Indians in the jungle, a delay which occasioned alarm as to his safety.

May Have Crossed Ocean

Montreal.—A carrier pigeon with a ring attached to its leg with the inscription "Lille, France," was captured by J. B. Martin, a farmer of St. Casimir, about 25 miles from Montreal. The bird was practically exhausted when caught and is now being taken care of by the farmer until it is claimed, if ever, by its owner.

To Attend Naval Conference

Washington.—Canada has notified the United States Government that the Dominion will be represented at the naval limitations conference at Geneva.

FOR SALE

Offers for the purchase of Lots 23 and 24, Block 28, Plan 2853-AA, with the building thereon, the property of William Lorne, are invited. Communicate with S. G. BANNAN, Barrister, Blaimore.

BELLEVUE, ALBERTA

Mrs. McKenzie, formerly Miss Telem. Thibodeau, arrived from California last week end on a visit to her mother, brothers and sisters here.

Jerome K. Jerome, noted British author, is dead.

The world-famous Australian National Band will appear at Fernie on Saturday, July 2nd.

Unofficial reports state that Nungesser and Galt, the missing French trans-Atlantic fliers, are alive in the interior of Quebec.

Japanese women are engaged in a campaign to save a half-cent daily to pay their country's war debt of about \$739,000,000.

Mr. George Stevens, former manager of the Greenhill hotel here, is now filling the position of secretary to the Conklin & Garrett Circus.

The marriage of Miss Violet Curry, only daughter of Mr. and Mrs. John Curry, to Mr. William Harris, was solemnized at Bellevue on June 2nd, Rev. J. W. Oliver officiating.

Mr. and Mrs. D. G. Sorrentino have been spending a few days with the latter's parents at Bellevue, prior to their departure for Salt Lake City, where they will reside in future.

The Medicine Hat News says: "It is as a protective measure that the vendors' stores in Alberta are closed on bank holidays." Probably this is done to keep down the over draughts.

The Royal Bank branch at Magrath has been closed and the staff has been distributed as follows: Mr. Morrow, manager, goes to Lethbridge, where he will be in charge of the new liquidation department; Mr. McEwen, accountant, and Miss Moir, stenographer, also go to Lethbridge, and Jack Blennar-Hassett, ledger-keeper, goes to Cowley, not however, as ledger-keeper but as teller, having received a well merited promotion. Mr. Morrow was former manager of the bank's branch at Cowley, while Mr. McEwen was a former member of the staff of the Blaimore branch. It is rumored also that the bank's branch at Foremost is to be closed.

A correspondent writes to the following effect: We have had several musical festivals in Blaimore of a very high-class nature, which have been the means of stimulating interest in all students of music, more so to the young people. But it does not look right to see several of our best musicians, resident of Blaimore, travel to another town to participate in their favorite hobby—band work—every week. Perhaps it would be as well for our civic fathers to take this matter up at one of their meetings, and at the same time issue an invitation to the people interested, so as to ascertain their views. With a little help, it should not be difficult to have one of the best bands in the west in Blaimore.

During the year 1926 a total of \$45,563,000 was spent on construction and maintenance of all provincial highways in Canada, according to computation made by A. W. Campbell, Dominion Highway Commissioner. Of this total \$29,585,000 was spent on construction and \$15,978,000 on maintenance of highways already constructed. The total mileage of roads involved in this aggregate expenditure was 46,824.

Representing fifty Nebraskan families who wish to settle in Canada, a delegation headed by Frank Stewart, of Nort Platte, Nebr., conferred with C. A. Van Sey, superintendent of the colonization department of the Canadian Pacific Railway Company at Winnipeg in order to obtain details regarding suitable tracts of land. The land seekers will go to Calgary with a representative of the department and inspect land in that vicinity. The group proposing to emigrate has ample capital, it is said.

The Folk Song and Handicraft Festival held at the Chateau Frontenac, Quebec, May 20-22, under the auspices of the National Museum of Canada and the Canadian Pacific Railway Company, proved to be perhaps the most outstanding musical event ever held in Canada. Many persons from all parts of the continent gathered at the Ancient Capital to hear the old songs of French Canada and to see the handicraft products that are still produced to a large extent in Quebec despite the modern methods general in almost every other part of the Dominion.

Local and General Items

Even a needle, to be useful, must keep its eye open, and a pin must have a head.

An exchange remarks: A woman is as old as she looks. A man is old when he stops looking.

Ralph Maddison, the noted "Underground Caruso," is meeting old friends in the district.

The local Elks' lodge will discontinue holding the second meeting night of the month during June, July and August.

Mr. and Mrs. J. R. Wallace, of the Fernie Free Press, celebrated the twentieth anniversary of their marriage last week.

The new oil station for the British-American Oil Co., at Frank, has been completed. Blaimore has lost a real asset by refusing this business concern to establish here.

The Al. G. Barnes circus will appear at Lethbridge on Monday, the 27th. June 26th is pay day for the circus, when some twenty-five thousand dollars will be distributed.

Friends of Mr. W. M. Bush will be pleased to learn that Mrs. Bush was operated on successfully in a Walkerton, Ontario, hospital on Tuesday of this week and is doing nicely.

Get busy with your floats for July 1st. Only two weeks remain, in which to prepare for the biggest parade and the biggest day Blaimore has ever seen. All industries, business enterprises, etc., should be fittingly represented in the procession—even the bootlegger.

A kiss, because it causes such palpitation of the heart, shortens human life three minutes, students of Western State College, in Colorado, have discovered. Thus, 480 kisses would eliminate a full day from one's life, 3360 kisses one week and 175,200 an entire year.

Following the regular meeting of the Elks' lodge on Tuesday night, the lodge orchestra, composed mainly of members of the Hillcrest Amateur Orchestra and under the leadership of Mr. J. E. Upton, entertained the members and ladies to a very creditable musical evening. During the rendering of the programme, cards were indulged in, ending up with a short whist tournament, Mrs. E. E. Linville and Mrs. H. Carmichael being successful in winning the prizes, while three brother Bills, Messrs. Linville, Carmichael and McDougall, copped off the "all-day suckers."

At the concluding session of the Masonic Grand Lodge convention at Calgary last week, Mr. George E. Cruikshank, of Hillcrest, was elected as grand master. Other officers are A. M. Mitchell, Edmonton, deputy grand master; Rev. S. H. Middleton, Cardston, senior grand warden; S. M. Seaden, Edmonton, junior grand warden; S. Y. Taylor, Calgary, grand secretary; Thos. Sharpe, Calgary, grand treasurer; Wm. Ireland, Calgary, grand registrar; Rev. Mr. Goddard, Stettler, grand chaplain; P. Fielding, Mulga, grand tyler. Those elected to the board of general purposes were H. D. R. Stewart, Samuel Harris, V. A. Bove and J. R. Flan.

The United Empire Loyalists' Association of Canada, at a recent meeting passed a resolution requesting all United Empire Loyalists throughout Canada and elsewhere to assist, in the celebration of the 60th anniversary of the Dominion of Canada in their respective communities. Celebrations commemorating great historic events not only make it easy to acquire a knowledge of history, but they also stimulate patriotic sentiment among the native born and the immigrant. "Deiit Amor Patriae" (For Love of Country), is the motto of the United Empire Loyalists' Association, and it contains a sentiment that will find a response in the heart of every true Canadian.

The British Columbia annual convention of the B.P.O.E. will be held in Victoria on June the 25th.

The town council of Drumheller donated \$500 towards the Diamond Jubilee celebration funds in that town.

Drumheller council advertised for a night constable and received no less than fifty applications for the position.

Dr. Green, of the Edmonton University, has arrived at Coleman to assist Dr. Borden during the summer months.

"French Leave," staged at the opera house on Monday night, by The Original London Company, was much enjoyed.

The jail at Lethbridge, Nova Scotia, remained vacant for twenty-five years, so it finally has been sold to a cobbler for the sum of twenty-five dollars.

Mrs. Wilfred Wheatley returned Monday from Calgary and is spending a few days at the home of her parents here before returning to Trail, B.C.

John Shafer left last week end for Spokane, where he understand he is to be married to Miss Irene, daughter of Mr. and Mrs. Charles Bouthillier, of Blaimore.

One of the local brewery agents' trucks had on "too big a load" one day this week, so a rear tire joined in with a "blow-out"—then Pete began to sing "psalms."

When a man is without a job and in debt and refuses a position because it is too small for him, he doesn't need a job; what he requires is a nurse.

Ed. Royle has engaged the suite of rooms at the South Fork from the Proprietor Porky, where Mrs. Royle and her eight children propose to spend the summer months when summer comes.

George "Scotty" Welsh, for many years a resident of Macleod, was drowned on Saturday while attempting to cross the Old Man river on a cable boat. The body has not yet been recovered.

Teddy Royle is hoping to meet his old acquaintances and make new ones, provided they possess a few nickels and dimes, at the Elks' Carnival, June 30th, July 1st and 2nd, with his Jingle Board. Roll up! Don't crowd!

UNRESERVED
AUCTION SALE

Furniture, Etc., Etc., at the homes of Mr. Powell and Mrs. Tustian, in Cowley on

SATURDAY, JUNE 25th

Commencing at 10 o'clock Sharp

ARTICLES at Mr. Powell's: 2 Lounge Beds with mattresses, 1 Quebec Heater, 1 Edison Gramophone and Records, 1 Child's Sleigh, Cooking Utensils, 1 Coleman Lamp, 1 Water Barrel, 1 Wash Tub and Boiler, 2 Logging Chains, 1 Horse Collar, 2 Saws, 3 Sad Irons, bunch of Dishes, 1 four-gallon Butter Crook, bunch of Hay Forks, 1 Vulcanizing Outfit, Linoleum (6X9, 9X9, 9X11), 1 Sideboard, 1 Windsor Six-Hole Stove, 7 Kitchen Chairs, 1 Dining Room, Extension Table, 1 China Cabinet, 2 Leather Upholstered Chairs and 1 Rocker, 2 Small Chests, 1 Dining Room, Extension Table with book shelves end, 2 Rocking Chairs, 1 Child's Commode Chair, 1 Clothes Chest, 1 Child's Cot, 1 full-sized Brass Bedstead and Mattress, 1 Spring Mattress, 1 Bedroom Chair, 1 Dressing Table, 1 Washstand, several Pictures, 1 Singer Sewing Machine, 1 Wagon, 2 Horses, weighing about 1300, and other articles.

Anger is
a Poison

and very often caused by poisons from your food. If you find yourself angry often for slight cause, look to your food.

MOTHER'S BREAD

is the great harmonizer. Instead of fighting with other foods, it gently soothes and promotes digestion. It's all food.
